MARINES ORDERED TO EASTERN CUBA

Gomez Unable to Meet Foreigners' Demand For Protection.

CRUISERS GO TO GUANTANAMO

Half of Second Squadron of the Atlantic Fleet Sails From Key West—Situation Becomes More Alarming

Washington, June 5.—Frank confession of President Gomez that he was unable to meet the demands of the large plantation owners in Eastern Cuba for adequate guards against the marauders and insurgents, was the factor that today led Captain Kline, commanding the United States naval station at Guantanamo, to set in motion the body of United States marines gathered there for just such a purpose.

Captain Kline's action in dispatching nearly half of his available force of marines into the interior of Cuba gave the signal for the departure from Key West to Guantanamo of half of the second squadron of the Atlantic fleet which had been lying at anchor at Key West for the last week.

The facts as disclosed at the State Department are that several of the large American, British, French and Spanish companies operating plantations and mines in Eastern Cuba, telegraphed the Cuban government through the Alcaide of Guantanamo, a demand for 100 regular troops for each of their mills and 50 for each of their cane fields. In reply, President Gomez pointed out that compliance with their request would require the use of 1,250 of his best troops for the protection of one group of foreign properties in a single section of the disaffected district. If he acceded to such demands, he said, his whole army would not suffice, and he would have no forces left with which to carry on the campaign against the insurgents.

Meanwhile complaints multiplied, the situation in Guantanamo was becoming more alarming and the Cuban government, having failed in their application to the Cuban government, applied directly to Capt. Kline.

Capt. Kline, judging that the gravity of the situation demanded the use of American guards, this morning sent 450 of his marines from the naval station by boat up Guantanamo Bay to a landing place near Caimanera, where he had a railway running up to the city of Guantanamo, 15 miles inland.

The gunboat Paducah about the same time reported the situation at Santiago as critical, which determined Capt. Kline to call upon the Navy Department for more marines, and accordingly Admiral Oyster Bay promptly dispatched from Key West to Guantanamo the fourth division of the Atlantic fleet, comprising the battleships Ohio, Missouri, Mississippi and Minnesota. They are under command of Rear Admiral Usher, who by virtue of his superior rank has assumed command at Guantanamo when he arrives there Friday morning. Admiral Usher can easily land 1,200 marines and blue jackets, which force, with the marines and sailors available for landing parties, would make a formidable little army of about 3,000 men, the commander in chief of the United States forces in the Caribbean.

There is grave intimation in recent tragedies that this may become an international duty if the Cuban government longer delays action. It is reported today that a case of horrible atrocity, which occurred yesterday near Savilla in Oriente, which is believed to be only one of many similar cases. His information, received directly from the Cuban Secretary of State, was to the effect that a band of negroes entered the house of a former white official of prominence, tied him and his son and outraged his wife and two young daughters before his eyes. The son was killed in cold blood while endeavoring to break his bonds and rescue his mother and sisters.

The army continues to rather hungrily watch the unfolding of events in Cuba. Lying on Gen. Wood's desk are the messages, which if released, would (Continued on Page Eight.)

DELEGATES GO UNINSTRUCTED

Third, Fourth, Eighth and Ninth Congressional Conventions Held Yesterday—Warm Session in Raleigh and Goldsboro.

Democrats of the third, fourth, eighth and ninth Congressional districts of North Carolina, on the eve of the great State Convention in Raleigh today, assembled yesterday in Goldsboro, Raleigh, Salisbury and Lincolnton, respectively, and decided to send uninstructed delegations to the Baltimore convention.

There were no contests in any of the districts for Congressman and in only one was there a test vote for Presidential preference. This was in the Third district at Goldsboro, where R. L. Doughton, for Congress, received 126 votes, Underwood 60; Harmon 3, and Clark 2 votes. In the fourth district at Raleigh, there was a spirited contest with no instructions, the delegates chosen being Underwood and Wilson. Reports from the several conventions as received by wire last night are as follows:

Eighth at Salisbury. Greensboro, N. C., June 5.—Democrats of the Eighth Congressional District in convention at Salisbury today re-nominated R. L. Doughton for Congress, and named four uninstructed delegates to the National convention at Baltimore. They are Dr. R. L. Young, Cabarrus; Hayden Clement, Rowan; R. A. Doughton, Alleghany; R. L. Smith, Stanley. Will R. Lovell, Elberta, was named as Presidential elector.

Yates Webb Re-nominated. Greensboro, N. C., June 5.—At Lincolnton today Democrats of the Ninth Congressional District named E. Yates Webb for Congress and selected four delegates to Baltimore, each with half a vote. They are unencumbered by Presidential instructions and are Chase Brenizer, Charlotte; W. A. Self, Hickory; Guy V. Roberts, Marshall, and W. C. Irwin, Morganton. Ellis Gardner, of Yadkin county, was endorsed for elector.

Third is Uninstructed. Goldsboro, N. C., June 5.—After unanimously nominating Dr. John M. Faison for a second term in Congress, listening to an address from the nominee, naming an executive committee from the several counties, choosing an elector and appointing delegates, the delegates to the National convention at Baltimore, a storm broke forth in the Democratic Convention of the Third Congressional District here today when, with some 50 delegates striving for recognition, Chairman Larry L. Moore, of Craven, presiding, and a motion picture of some one who moved to adjourn and subsequently declared the motion carried.

Those opposing the motion to adjourn stuck to the floor and demanded a roll call on the motion, finally winning out after two hours of filibustering and speaking. The motion to instruct the delegates to Baltimore was carried, but a test vote for Presidential preference was taken with the following result: Wilson 126, Underwood 60, Harmon 3, Clark 2. The convention then adjourned in the best of peace.

The motion for the election of the delegates to Baltimore was by Hon. Chas. R. Thomas, of Newbern, and was that four delegates with one-half vote each be chosen. This was carried and the following were named: Nathan C. Pender, of Wayne; J. H. Hinton, of Duplin; L. G. Daniel, of Craven, and A. F. Howard, of Sampson; alternates, J. T. Bland, Pender; W. T. Cato, Pamlico; E. M. Green, Craven, and B. A. May, Carteret.

The convention assembled at noon with Larry L. Moore, of Newbern, chairman. There were no contesting delegations, and the convention at once went into the election of an executive committee. The following were unanimously elected: J. C. Thomas, Craven; W. L. Hill, Duplin; J. R. Lowry, Jones; S. B. Taylor, Onslow; H. L. Coker, of Wayne; J. H. Hinton, of Duplin; F. L. Whitfield, Sampson; J. L. Barham, Wayne; T. D. Webb, Carteret. The present incumbent, Hon. John M. Faison, was then nominated by acclamation for Congress. He was called to the speaker's stand, and in a brief speech thanked the delegates for the honor conferred, and assured them of his loyalty to the Third district, and the Democratic party, paid a glowing tribute to North Carolina's representatives at Washington. His mention of Senator Simmons' name brought about a perfect bedlam of applause, showing him to be very strong with delegates present. He likewise praised both Governor Kitchin and Judge Walter Clark, the response from the floor showed that these two also had many friends. There was a spirited contest between Geo. E. Hood, of Wayne, and Larry I. Moore, of Craven, for elector, Hood winning.

Fight in the Fourth. Raleigh, N. C., June 5.—The Fourth Congressional district convention this morning was dominated by the contest between Hon. E. W. Pou for a seventh term as Congressman and elected delegates to the Democratic National convention at Baltimore. The provision is that the four delegates shall have one-half a vote each in the National convention. As delegates there was unanimous election of R. B. White, of Vance; Ed. S. Abell, Johnston, and B. B. Ramsey, of Nash. For the fourth place on the delegation the fight was up to Wake county whose delegates had two candidates, W. B. Jones, an Underwood man, and Albert Cox, a Wilson man, both being, however, pledged to vote their share of the strength at Baltimore on the basis of the preferential vote for President in the county convention—103 1-2 for Wilson and 50 1-2 for Underwood.

CONVENTION'S EVE AT STATE CAPITAL

To Instruct or Not To Instruct, the Eternal Question in Raleigh.

EX-GOVERNOR GLENN IN CHAIR

Will Preside Over Democratic Gathering Today—Caucuses of Wilson and Underwood Men—Heflin to Supporters.

(Special Star Telegram.)

Raleigh, N. C., June 12.—Former Governor R. B. Glenn, who is to preside over the Democratic State Convention, is here and his friends are pressing a strenuous campaign for him as one of the delegates at large to Baltimore.

"Instructions for Wilson," or "uninstructed delegation" for the four delegates at large bids fair to be the principal contest tomorrow. The forces for Wilson instructions are strong, or more expected, but there is a fighting chance for an uninstructed delegation.

George P. Pell is here pulling for the long term to the Corporation Commission.

The Fourth Congressional District convention was delayed this afternoon by the Wake county delegation being tied up in a caucus fighting over whether Wake's vote should be divided for President, as the convention voted yesterday, or cast the whole vote for Wilson, who has a majority.

The caucus of Wilson delegates to the convention tonight overrode the court house and they held a rousing meeting in which it was determined to make a determined fight for Wilson instructions for North Carolina delegation to Baltimore. Major H. A. London was made chairman; J. H. Cain, of Asheville, secretary; R. B. Glenn, A. L. Brooks, S. M. Gattis and E. J. Justice, were the principal speakers. State Manager Williams also spoke expressing confidence in success tomorrow for the movement for Wilson instructions, which all the speakers declared is due to Wilson on the part of North Carolina.

At the auditorium the Underwood supporters held forth with Congressman Heflin, of Alabama, as the orator. It was a powerful campaign speech impeaching the Republican party, most especially for its ineptness in tariff legislation, and for the great tariff barons and presenting Oscar Underwood as a statesman especially equipped to drive Republicans from power and give the people relief from the burden of protective tariff oppression. He predicted a victory for Underwood in the convention tomorrow, declaring Underwood already has ten delegates to Wilson eight in this State.

State Manager Varner, of the Underwood campaign, said tonight he is confident there will be no instructions for Wilson tomorrow and that he is fighting for an uninstructed delegation, if there are any instructions at all, it will be for Underwood.

CLAIMS LARGE REDUCTION.

E. J. Watson Says Cotton Crop is Reduced 6,071,750 Acres.

Columbia, S. C., June 5.—That the most conservative figures for the principal cotton growing States show a total reduction of 6,071,750 acres, was the statement contained in a report today by E. J. Watson, Commissioner of Agriculture of South Carolina, and president of the Southern Cotton Congress, on the results obtained under the "Rock Hill plan" for reduction of cotton acreage, which was inaugurated by John G. Anderson, of Rock Hill. The report which was addressed to the members of the cotton congress places the acreage reduction at about 16 per cent. According to the report received President Watson estimates that the crop this year will be about 2,500,000 bales less than 1911.

A caucus of the Wake delegates failed to settle the fight, the Wilson men bolting the caucus because the chairman, John C. Drewry, insisted on a roll call of individual delegates instead of a call by precincts to ascertain preference of Wake for delegates to Baltimore. In the vote for delegates Chairman Drewry insisted on a solid vote of 83 ballots for W. B. Jones and the Wilson bolters, through J. W. Bailey, demanded that the Congressional convention call the roll of precincts in Wake for expression of preference as between Jones and Cox as National Convention delegates.

Finally the Bailey's contest for a roll call of precincts of Wake won and Cox defeated Jones for delegate by a safe majority. Congressman Pou was called and gave the convention a stirring Democratic speech. The delegates go to Chicago uninstructed and are understood to be about evenly divided between Wilson and Underwood. The convention was organized with M. G. Bowling, of Chatham, as chairman. Henry M. London, of Pittsboro, was chosen as Presidential elector. It is interesting that just forty years ago Major H. A. London, the honored father of the elector was chosen for the same place by the Fourth district convention. This was mentioned in connection with the election of H. M. London by acclamation.

GERMANS VISIT THE CAPITAL

Officers of Foreign Men-o-War Are Guests of President Taft at the White House—Charm With Washington.

Washington, June 5.—The officers of the three German cruisers, the Moltke, Bremen and Stettin, now lying at Old Point Comfort, where they are returning the visit paid to Kiel last June by the second division of the United States Atlantic fleet, were the guests tonight of President Taft at the White House where he entertained them and a number of American naval officers and other distinguished personages at a State banquet.

This function was the center-point of the visit to the National capital and as the sojourn of the German vessels in American waters is regarded as purely an act of courtesy from the fleet of one nation to that of another the guests were almost without exception naval men.

The German naval officers expressed their pleasure at their visit to Washington, the beauties of the city and admiration of the public buildings, many of which the junior officers of the party visited during the day. Rear Admiral Von Rebeur-Paschwitz, with Capt. Von Mann, of the Moltke, Commander Von Krosigk, of the Stettin, and Commander Seebohm, of the Bremen, meanwhile called at the State Department to pay their respects to the leading women of the Navy Department, where they were received by Secretary Meyer.

About noon the two State secretaries returned the calls at the visitors' hotel. Later the German ambassador, Count von Bernstorff gave the German officers their first opportunity of meeting some of the leading women of Washington society. About 100 guests were invited by him to an informal luncheon.

Prince Henry XXXVII of Reuss, who is not with the party, as he is detained on board the Moltke by his duty, has applied for leave of absence to pay a private visit to the capital.

ROCKINGHAM FOR ROADS

Half-Million-Dollar Bond Issue Carries By Small Majority

Reidsville, June 5.—Returns from all but five of the 21 Rockingham precincts indicate that the election for half-million dollars in bonds for good roads was carried by about 25 majority requiring the official count to determine the vote. The other precincts only have to give the bond issue is carried. The advocates of good roads say that two causes militated against a larger affirmative vote was over confidence, and the busy season with the farmers.

R. P. Richardson, president of the Rockingham Good Roads Association, said tonight he is confident that the election of the bond issue will be carried, and did much of the work, receiving little encouragement. Three months ago he decided that the time was ripe for submitting the question of bond issue to the voters, and he with his friends had all within their power to make the campaign a success.

Leakwise township Republicans at the last moment, undertook to make a political issue of the election, and this caused a falling off of several hundred votes in the total number cast there.

London, June 5.—J. Bruce Ismay, president of the International Mercantile Marine Company, resumed his testimony today before the British Board of Trade inquiry into the loss of the steamer Titanic. For the most part his replies were, "I don't know," or "That's outside my province."

OUTLINES

Argument was begun in the Myrtle Hawkins case at Hendersonville yesterday.

The Arkansas Democratic convention yesterday adopted a resolution instructing the State's delegates for Clark.

U. S. Senator George S. Nixon, of Nevada, who has been seriously ill for several days died last night at 10 o'clock.

Officers of the German fleet now on a visit to American waters were the guests of President Taft at the White House yesterday.

Governor Harmon yesterday won his fight at the Ohio State convention, the meeting voting to bind the delegates by the unit rule.

Dr. Harvey W. Wiley in an address to the graduating class at the Trinity College commencement yesterday advocated woman suffrage.

President Gomez yesterday confessed he was unable to meet the demand of plantation owners for protection from the rebels and half of the force of marines at Guantanamo was dispatched to the interior of Cuba.

Roosevelt managers yesterday declared they would not make a fight to unseat Victor Rosewater as chairman of the National Republican Committee which meets in Chicago this afternoon at 2 o'clock.

On the eve of the State Convention in Raleigh, N. C., today, four North Carolina Congressional districts yesterday decided to send uninstructed delegations to Baltimore. Paison, Fox, Doughton and Webb were renominated for Congress without opposition.

New York markets: Money on call steady, 2 3-4 to 3 per cent; ruling rate 2 7-8. Spot cotton closed quiet. Flour quiet and lower. Wheat, spot weak; No. 2 red 1.21 1-2 c.i.f. domestic basis to arrive; export 1.21 1-2 f.o.b. export to arrive. Corn, spot quiet; export 82 1-2 f.o.b. export. Turpentine steady. Rosin quiet.

REPUBLICAN CLANS IN BATTLE ARRAY

National Committee Begins Work at Chicago this Afternoon.

MANY CONTESTS TO DECIDE

Taft Forces Will Try to Make Root Permanent Chairman—Roosevelt Managers Will Not Oppose Victor Rosewater

Chicago, June 5.—A plan to meet at once the full force of Colonel Roosevelt's fight to control the organization of the Republican National convention by making permanent the temporary organization with Senator Elihu Root as chairman, was partially agreed upon today by Taft leaders who are here for the opening session of the Republican National Committee tomorrow. Control of the National convention by Taft forces is said by them to be certain. When the committee meets at 2 o'clock tomorrow to organize for the hearing of contested delegate cases, the Roosevelt forces will not attempt either to seat R. B. Howell, of Nebraska, to succeed Acting Chairman Rosewater, or to select a Roosevelt committeeman as presiding officer for the contest hearings.

Fresh from conferences with Colonel Roosevelt at Oyster Bay, Senator Dixon and National Committeeman William T. Ward, of New York, made it clear that the Roosevelt managers were not behind the claim of Mr. Howell to a seat on the committee. He will endeavor to present his own case, contending that his recent endorsement in the Nebraska primary entitled him to the place, but members of the committee expect a speedy decision against him.

The committee will select a successor to Chairman John F. Hill, of Maine, who died last winter; adopt rules to govern the hearing of the contest cases; decide whether to give publicity to the hearings and arrange the time to be allotted for each case. There are at present more than 238 delegate seats in the convention for which contests have been prepared by either Taft or Roosevelt. The first of the cases will be taken up Friday morning.

Senators Crane, Penrose and Sanders, who arrived from Washington today, were kept busy canvassing the situation. It is said that Taft leaders regard at least 35 of the 53 members of the National committee as favorable to the President's candidacy.

The ultimatum from Colonel Roosevelt that Senator Root must not be selected as temporary chairman, which was reiterated by Senator Dixon on his arrival in Chicago, was met by a strengthening of the Taft forces in opposition.

The Taft leaders determined not only to adhere to their purpose to seat Senator Root, but to call upon their forces to help make him permanent chairman of the convention.

The fight by Roosevelt attorneys for the contested delegates from Southern States will include a claim of legality for every convention where they said they had a majority of the delegates.

In outlining the Roosevelt programme today Senator Dixon declared the Roosevelt forces would fight to the last in the effort to overthrow Senator Root for temporary chairman.

He held a conference with Roy O. West, chairman of the Illinois Republican State Central Committee and later declared that at least 16 Illinois delegates would aid Colonel Roosevelt in the fight against Senator Root.

"Believing in the perfect fairness of the members of the National Committee we have no fear in resting our contests upon their decision," said Senator Dixon. The talk of a bolt from the convention by the Roosevelt forces he designated as "junk."

"We have control of the convention irrespective of the contested seats, so that all that kind of talk is 'junk'."

The arrival of the Washington executive and literary forces of the Taft and Roosevelt campaign committees was followed by a renewal of the literary bombardment which has characterized the last two months of the pre-convention fight. A table of delegates prepared by Representative McKinley gave President Taft 595 votes; Colonel Roosevelt 427; Senator La Follette 30, and Senator Cummins 10. Senator Dixon's claim was over 600 for Roosevelt, but he had not prepared a detailed table.

It was tentatively agreed tonight that the plan for the publicity of hearings in contests for delegates' seats would provide for admission to the sessions of two representatives of each press association recognized in the press galleries at Washington.

Frank B. Kellogg, National committeeman for Minnesota, tonight announced that he would endeavor to procure the publication of roll calls on each contest case decided.

Chattanooga, Tenn., June 5.—The final 18 holes in the qualifying flight of the 12th annual tournament of the Southern Golf Association are being played on the links of the Golf and Country Club this morning, the play beginning at 8:30 A. M. There are 64 entries, being those who qualified in yesterday's plays.

SENATOR GEO. S. NIXON DEAD

Member of Congress From Nevada Succumbs to Attack of Spinal Meningitis—Was Western Mining Magnate

Washington, June 5.—United States Senator George S. Nixon, of Nevada, died at 10 o'clock tonight.

Senator Nixon had been at the Episcopal Eye, Ear and Throat Hospital since last Thursday when an operation for nasal catarrh was performed. Spinal meningitis developed and the Senator's condition soon became critical. For the past 24 hours his death had been momentarily expected. The Senator's wife and relatives in Nevada had been notified of his condition and they are now hurrying to Washington.

Senator Nixon was one of the most conspicuous mining magnates in the West and was intimately associated with the great operations at Goldfield, in his home State. He was 52 years old and a native of California, going to Nevada early in life.

In the United States Senate Mr. Nixon was a quiet figure, rarely having anything to say in the floor proceedings, though always ready to give his advice in the private councils of the Republican Senators, among whom he ranked high. He was chosen to the Committee on Reclamation of Arid Lands which committee, however, seldom meets. Mr. Nixon was recently unanimously re-elected by a Democratic Legislature, in ratification of his choice at a popular election by the so-called Greenback primary plan. His term, a second one, would not have expired until 1917.

GOVERNOR HARMON WON.

Ohio's Delegates Bound by Unit Rule.

Toledo, O., June 5.—Governor Judson Harmon today won his fight in the Ohio Democratic State Convention for the application of the unit rule by a vote of 597 to 355 and will have the undivided support of the State's 48 delegates in the contest for President at the Baltimore convention.

The anti-Harmon forces, led by Mayor Newton D. Baker, of Cleveland, made a determined fight on the unit rule proposition and declared they would file their protest at the National Democratic Convention. Nineteen of the 42 district delegates to the National convention are Wilson adherents elected at a direct primary, but under the unit rule will be obliged to cast their ballots for Harmon at Baltimore.

Twelve delegates at large with half a vote each were named by Governor Harmon, and formerly approved by the convention. Friends of Governor Harmon drafted the platform adopted and dictated the nomination of the State ticket.

Congressman James M. Cox, of Dayton, was nominated by acclamation for Governor. He is a progressive Democrat in politics and the publisher of two Ohio newspapers. He is now serving his second term in Congress and is 43 years old. The ticket also includes: Lieutenant Governor, Hugh L. Nichols; Secretary of State, Charles S. Trumbull; Treasurer, John P. Brennan; Auditor, A. V. Donaghey; Attorney General, Timothy S. Hogan.

EXPECT WHOLE TRUTH

F. O. Beach's Attorney Declares he Will Bring Out the Whole Truth.

New York, June 5.—"We will bring out the whole truth of this matter and completely disprove these cruel and absurd charges," reads a statement issued this afternoon in regard to the indictment in Aiken, S. C., yesterday, of Frederick O. Beach for assault on Governor Johnston. The statement was issued by Thomas S. Fuller, Beach's lawyer.

"The indictment against Mr. Beach was, of course, a foregone conclusion," the statement reads. "It is nothing more than a formal step in the ill-advised prosecution which the Southern States Central Committee had undertaken upon a circumstantial case made by a private detective. Neither Mr. nor Mrs. Beach nor any of their witnesses, were heard by the grand jury."

"It is most unfortunate that the case cannot be tried at this term of the court."

INTEREST OF JUDGE CLARK

Organizer Pace Forms Club at Greensboro, N. C.—Membership

Greensboro, N. C., June 5.—A Walter Clark's Workingmen's Club was organized here last night at an enthusiastic though rather slimly attended meeting, the charter membership roll not including more than 25 names. E. R. Pace, organizer and manager of Workingmen's Club Clubs, was here to aid in the organization, which was perfected by the election of E. A. Rives as president and J. M. Glass, secretary.

Mr. Pace made a brief talk, declaring that Judge Clark's strength was growing daily and that his friends were greatly encouraged by reason of events during the past few weeks.

Washington, June 5.—The Senate Committee on Naval Affairs today decided to report the naval appropriation bill to the Senate tomorrow. It includes the provision for two new battleships this year, together with other administration recommendations which the House refused to grant. The bill will carry \$123,000,000, an increase of \$15,000,000 over the current appropriation.

Three Great Pictures

These with the music by the orchestra and the delightful cool theatre will attract hundreds to The Grand Theatre today.

WRIGHT TESTIFIES OF HIS LAND DEALS

Former Drainage Engineer Before Everglades Committee in Washington.

DETAILS HIS OPERATIONS

Made Money in North Carolina—Charges No Improper Conduct on Congressman Small's Part. Some of His Projects.

Washington, D. C., June 5.—J. O. Wright, now a drainage engineer for the State of Florida, before the House committee investigating the so-called Florida Everglades charges today told of his private land deals in North Carolina with a drainage engineer in the Department of Agriculture. Wright admitted that he accepted stock and negotiated with certain North Carolina land companies and the State of North Carolina without telling his superiors. He said he got \$5,000 stock in the Albemarle Development Company from J. N. Wilkinson, of Beelhaven, N. C., and in return drew up a plan of reclaiming the land, and placed \$14,000 in stock.

Wilkinson came to him in Washington, Wright said, accompanied by Representative John Small, of North Carolina. After their conference he was offered \$5,000, and Representative Small got \$1,000 in stock for his legal services. Wright told of a "deal" with John Selp, of Chillicothe, O., at Moscow, N. C., in which he was promised \$7,500 for his advice. He did not tell his chief of the offer, and never got the money.

The State of North Carolina offered him \$5,000 to sell Lake Mattamuskeet in the Dismal Swamp, he said. In this he got \$125,000, of which his superiors knew nothing. He also engaged himself in the Lake Mattamuskeet scheme on a contingent interest of \$40,000.

At Wilson, N. C., with Lawrence Brett, another employee of the department, Wright went into a drainage deal which he testified netted him \$2,200 and Brett \$9,000.

Wright said he discussed with Assistant Secretary Hayes, of the department, the Lake Mattamuskeet offer and admitted that he had written to Selp that he had interested Mr. Hayes in the Mayock project.

Wright's testimony is expected to end the investigation and at its conclusion the committee will begin preparing its report to the House.

Representative Small had the committee his law firm was attorney for the Albemarle Development Company and that his partner had done all the work. A charge for professional service was met by a certificate of stock for \$1,000, which he never had seen.

Small challenged Wright in his presence to make any suggestion of improper conduct on his part and Wright hastened to say that he had no charges to make and knew of nothing improper on the part of the legislator.

HIS WORK GOES ON.

Orville Wright Will Work Out Wilbur's Secret Plans.

New York, June 5.—Unless the wishes of Orville Wright are overruled by the board of directors of the Wright Company, the secret plans of the late Wilbur Wright to make aerial navigation as safe and practical as travel by an ocean liner or a railway passenger train will be carried out by Orville Wright and Alexander Ogilvie, the English aviator, who assisted Orville Wright last fall in making experiments at Kill Devil Hill, N. C., with a motorless glider.

This fact became known yesterday, when it was announced at the offices of the Wright Company here that A. F. Barnes, secretary and treasurer of the company, had been summoned to Dayton for a conference with Orville Wright.

For years Orville and Wilbur Wright have worked to develop devices necessary for the perfection of the aeroplane, which, it is known, they both considered of as great if not greater importance than the principles of automatic control.

FILES ANTI-TRUST SUIT.

Government Takes Action Against Giant Steam Combine.

New York, June 5.—The National government filed a civil anti-trust suit in the Federal Court here today against steamship interests alleged to have monopolized the transportation of passengers and freight between the United States and Brazil.

Sweeping charges of granting rebates, fixing arbitrary and unreasonable rates and entering into conspiracies, combinations and agreements in violation of the Sherman anti-trust law, are made against the Prince Line, limited, the Hamburg Line, and the proprietors of the Lamport and Holt Line.

Denver, Col., June 5.—F. A. Bridge, second vice president of the Denver, Laramie & Northwestern Railroad Co., and holder of \$1,207,496 of the bonds, has made application to the district court for a receiver for the company. Bridge claims the company is being mismanaged.

SPORTING EVENTS

Pittsburgh	20	19	.513
St. Louis	20	25	.444
Philadelphia	16	21	.432
Boston	13	30	.304
Brooklyn	13	25	.342

Boston, June 5.—Boston lost another game today, Pittsburgh being on the long end of a 7 to 5 score. Brown was wild, while Camnitz, except in the closing innings, kept Boston's hits scattered.

Brooklyn, June 5.—Brooklyn won the first game of the series with Chicago today, 4 to 3, the winning run being scored in the ninth with two out. The visitors took the lead at the start by tallying two runs on four hits off Rucker. The locals went ahead in the seventh, but in the next Zimmerman tied it up with a home run drive over the right field fence. Tooley opened the ninth with a single and after O'Miller had fanned advanced to second on Rucker's out. Moran dropped a Texas leaguer in left on which Tooley came home. Wheat's batting was a feature.

Chicago, June 5.—Chicago won today, 4 to 3, the winning run being scored in the ninth with two out. The visitors took the lead at the start by tallying two runs on four hits off Rucker. The locals went ahead in the seventh, but in the next Zimmerman tied it up with a home run drive over the right field fence. Tooley opened the ninth with a single and after O'Miller had fanned advanced to second on Rucker's out. Moran dropped a Texas leaguer in left on which Tooley came home. Wheat's batting was a feature.

Philadelphia, June 5.—St. Louis won the opening game of the series here today 8 to 5, the visitors hitting the deliveries of Seaton and Schultz hard. St. Louis, 200 020 130—8 13 2. Philadelphia, 100 101 011—5 9 3. Harmon and Wingo; Seaton, Schultz, Curtis, Wallace and Doolin and Graham; time 2:05; umpires Rigger and Finerman.

New York, June 5.—Cincinnati merely furnished New York batting practice in the first game of the series, the champions winning 22 to 10. Fromme and Keefe were batted for nine runs in the first two innings. Sam Fletcher, a recruit from the Reading (U. S. League) team, finished for Cincinnati and was wild and also ineffective. Doyle in six times up made three singles, a double and a triple. Second baseman Egan, of the visitors, had his nose broken by a hard hit grounder and had to retire from the game.

Cincinnati, June 5.—Cincinnati merely furnished New York batting practice in the first game of the series, the champions winning 22 to 10. Fromme and Keefe were batted for nine runs in the first two innings. Sam Fletcher, a recruit from the Reading (U. S. League) team, finished for Cincinnati and was wild and also ineffective. Doyle in six times up made three singles, a double and a triple. Second baseman Egan, of the visitors, had his nose broken by a hard hit grounder and had to retire from the game.

DANVILLE SURRENDERS
Gives Up Franchise in Virginia League—Suffolk May Take It

Danville, Va., June 5.—At a meeting of the stockholders and directors of the Danville Athletic Club, it was unanimously decided tonight to surrender the Danville franchise in the Virginia League to the league officials for disposition in the best possible way. The franchise was turned over to Mr. J. O. Boatwright, president of the league, who will endeavor to place it with Suffolk. The team left here tonight to play at Petersburg, according to schedule, and will continue to play until some city is found to take the team.

Baseball in this city has been a losing proposition since the beginning of the season and latterly with constant reverses and poor gate receipts it became apparent that the local club could not weather the storm.

MAKES A RECORD
Pitcher Ray Wins Three Games in a Row for the Twins

Winston-Salem, N. C., June 5.—By pitching Winston-Salem to victory in a double-header this afternoon against Charlotte, Carl Ray, a left-handed college twirler, set a new record for the fast Carolina League. Ray won Monday's game 7 to 3, Tuesday's game was postponed and he won both games today 7 to 5 and 12 to 4.

Atlanta, June 5.—If nothing happens and all parties are willing, and it doesn't rain too much in the meantime, and none of the lawyers has a conflicting engagement, and all the witnesses find it agreeable, and Eugene Grace doesn't get any worse, and the court house isn't struck by lightning, it is probable that Mrs. Daisy Grace will come to trial here on June 24th.

At Cleveland, 7; New York, 0.
At Detroit, 8; Boston, 3.
At Chicago, 4; Washington, 8.
At St. Louis, 15; Philadelphia, 1.

Club	Won	Lost	P.C.
Chicago	30	15	.667
Detroit	25	18	.581
Detroit	24	21	.533
Washington	22	21	.512
Cleveland	21	20	.512
Philadelphia	19	19	.500
New York	13	25	.342
St. Louis	14	25	.358

St. Louis, June 5.—Mitchell's pitching and hitting, together with clever fielding and heavy hitting by his teammates gave St. Louis this afternoon's game with Philadelphia 13 to 1. A single, a wild pitch, an error and a sacrifice fly saved Philadelphia from a shutout.

Cleveland, June 5.—Cleveland defeated New York today 7 to 0. Kahler had New York at his mercy. Quinn was knocked out of the box in four innings. Thompson, the Georgia recruit, was then tried. He allowed two hits in four innings and struck out four.

New York, June 5.—New York defeated Cleveland today 7 to 0. Kahler and Easterly; Quinn, Thompson and Sweeney; time 1:35; umpires Evans and Westervelt.

Detroit, June 5.—Detroit defeated Chicago today, 8 to 1. The home team profited by Hall's wildness in the sixth to make a rally that netted six runs, four bases on balls and three hits figuring. Wood relieved Hall with the bases filled and one out and yielded four of the runs.

Boston, June 5.—Boston defeated Detroit today 4 to 0. Quinn was knocked out of the box in four innings. Thompson, the Georgia recruit, was then tried. He allowed two hits in four innings and struck out four.

Chicago, June 5.—Bunched hits behind Chicago's errors gave Washington the first game of the series 8 to 4 today.

Washington, June 5.—Washington defeated Chicago today 8 to 4. Benz, Mogridge, Peters, White and Kuhn; Hughes and Henry; time 2:10; umpires O'Loughlin and Sheridan.

TAGALIE WON ENGLISH DERBY

Gray Filly Which Was 100 to 8 Shot Ridden to Victory by American Jockey—Favorite Badly Beaten

Epsom Downs, England, June 5.—Tagalie, a gray filly owned by W. Raphael, and running at 100 to 8, won the derby today, with L. Newmann's Jaeger, second, four lengths behind, and August Belmont's brown colt Tracery, third, a scant two lengths away. The King's horse Printadeau, was fourth.

King George and Queen Mary and a host of others saw the running of the derby, which through the defeat of the favorite, Sweeper II, owned by the American H. B. Duryea, will go down in history as one of the most disappointing, not only to Americans who believed it almost certain that the American horse owned and ridden by an American would have no difficulty in winning the classic event, but to the great bulk of the British public who had placed their money on the American beauty. From the start, however, Mr. Duryea's colt had no chance. Danny Maher, who had the mount, had studied Sweeper II and got him into a position from which, when the call was made, it was expected that he could easily extend himself and outstrip his adversaries. Maher counted without Johnny Reiff, another American jockey who rode Tagalie. Reiff had won the derby with Richard Croker's Orby in 1907 and he repeated the performance today. When the tape fell Reiff took the filly to the front and kept her there until the finish. Tagalie was the only filly in the race, and the first gray to win the derby since 1821.

An even greater surprise than Tagalie's victory was the performance of Mr. Belmont's Tracery, which, after a hard fight with Printadeau, nosed the latter out and finished third. Tagalie's win was popular with the non-betting public, as her owner, Mr. Raphael, lost the derby in 1909 by a head from King Edward's Minor, and also among the New Market contingent, who backed her heavily.

While therefore, Derby Day was not a successful one for American horses, if Tracery is excepted, it was a great one for American jockeys. Reiff took the derby; F. O'Neill won the second race and Maher, after suffering "the greatest disappointment of his life," by failing to win with Sweeper II, rode the winners of the fifth and sixth races.

The King dined the Jockey Club at Buckingham palace tonight and the Duchess of Devonshire revived the derby ball at Devonshire house.

Strong Sermon Last Night
Rev. Raymond Browning, who is assisting Rev. G. T. Adams at the revival in progress at Fifth Street Methodist church, preached one of the strongest sermons of the series last night. His subject was "The Holy Ghost," and the discourse made a deep and profound impression upon a large congregation.

The morning service yesterday was well attended and much interest was manifested. Interest in the revival is deepening each day. Services will be held this morning from 9:30 to 10:30 o'clock and this evening at 8. The public is invited.

SEES BABY FALL TO DEATH
Mother Had Left Little One to Save Neighbor's Choking Child

New York, June 5.—Mrs. Mary Schultz ran hurriedly out of her little four-story flat to the assistance of a neighbor's little boy, who was apparently choking to death in a flat two floors below late today, leaving her own year-old baby playing on the floor.

As she ran with the choking infant to give it air something shot by her at the open window. Horrified, she looked out on the still form of her own child, crushed on the courtyard pavement by its fall from a window.

The child to whose aid the mother had run was as well as ever in a few minutes.

Newark, N. J., June 5.—At least six persons were shot and many wounded in a street battle here today between 150 striking laborers and the police. Five strikers and a citizen are at the hospital suffering from gunshot wounds.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a curable disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full particulars.

Our New Perfection Broiler

Is pleasing many women. It enables the housewife to broil as well on the New Perfection Stove as over a coal fire.

It uses all the heat.
It cooks evenly.
It broils both sides at once.
It doesn't smoke.

And of course you are familiar with the New Perfection Oil Cook-stove. It is such a convenience all the year round. It will bake, broil, roast and toast just as well as a regular coal range.

Ask to see the New Perfection Stove at your dealers. It is handsomely finished in nickel, with cabinet top, drop shelves, towel racks, etc. It has long, enameled, turquoise-blue chimneys. Made with 1, 2 or 3 burners. Free Cook-Book with every stove. Cook-Book also given to anyone sending 5 cents to cover mailing cost.

DR. HARVEY WILEY AT TRINITY

Distinguished Pure Food Chemist Delivers Annual Address — The Graduates—Announcements—Heavy Endowments

(By Henry Arnold Dennis).

Trinity College, Durham, N. C., June 5.—The annual commencement address at Trinity College was delivered this morning by Dr. Harvey W. Wiley, former chief chemist of the government Pure Food Department at Washington. A crowd which has perhaps never before been equalled at a Trinity College commencement jammed Craven Memorial Hall to its utmost capacity to hear the address of the pure food champion.

All banks of the city were closed during the hours of the exercises this morning and the citizens turned out in large numbers. The fact that Dr. Wiley has been the central figure in one of the greatest controversies in the history of politics in the United States, and the additional fact that he won out in his contentions, made his coming doubly interesting. Dr. Wiley has made a brave fight in his effort to protect the people of the country from the many fraudulent companies that have sought to foist upon the American people the poisonous products of their dishonest and illegal business.

The Durham Medical Association attended the address of Dr. Wiley in a body. Among other things the distinguished speaker said that he was always glad to get applause at a Trinity College commencement, for it might not come at the end of his remarks. To the members of the graduating class he said: "Don't have the mistaken idea that the world is waiting to honor you. It is entirely devoid of sentiment. It cares no more for a diploma than a woman does for a visiting card left at her house. But the world will expect something of you. It will measure your success by your ability to meet its expectations. The handicap of wealth is the greatest handicap that assails a young man going out into the world. Build for yourselves a character. The man with a character has a programme and he will win out in an honorable way. Training implies technique; that is, what you do, learn to do well. There is a period of unrest in all parties in this country. Political parties are not democratic and I am not speaking in the sense of the Democratic party. Either of them will disfranchise many voters. Woman is a human being and man should not deny to her anything that he has for himself. The world wants educated men to lead in these great movements and I hope you will go out in the world, do good and be an honor to yourself and to your alma mater." The doctor openly advocated woman's suffrage.

After the address came the awarding of diplomas, conferring of degrees and the making of announcements for the year.

Honors among the graduates were announced as follows: Summa cum laude; B. J. Landon, Mary Loomis Smith, who is the valedictorian for 1912, this being the first time in the history of Trinity College, this honor has been won by a woman.

It was announced this morning that the trustees have appointed a committee to make arrangements for a permanent memorial to the Trinity campus to the memory of Charles Brantley Aycock.

Preparations were made to also raise an additional million dollar endowment during the next six months. Trinity's endowment is already nearly a million dollars.

The degree of Master of Arts was conferred upon Weaver M. Marr, of Bryson City; Lela Young Holton, Durham, and O. S. Lackey, of Texas. Sixty-three seniors received their diplomas and had the degree of Bachelor of Arts conferred upon them. These are John Newton Alken, Cleveland, Tenn.; W. H. Allison, Jr., Brevard; David Barringer, Craven, N. C.; Floyd Bennett, Cleveland, Tenn.; Claude Bennett, Mississippi; Paul Wesley Best, Goldsboro; Rosa Branch, Durham; Claudius Bertram Brinn, Hertford, N. C.; Alfred Smith Brund, Concord; Edgar Everett Bundy, Mount Olive; Albert DeWitt Byrd, Mountain; Palmer Norton Constable, Durham; Jas. Madison Currie, Jr., Durham; Oscar Bruton Darden, Fremont; Blanche Duke, Durham; Robert Grandison Lee Edwards, Hookerton; Walter Elmer Eljer, Clifton; David Henry Fuller, Lumberton; Ed. Luther Hege, Winston; Lucile Churchill Gerham, Fayetteville; Mary Rishton Gorham, Fayetteville; Florence Gertrude Green, Durham; Bessie Greenberg, Durham; Yeddie Greenberg, Durham; Ernest Sam Jones Harrison, Morganton; John William Laxton Harrison, Morganton; Polly Holman, Trinity; Lillian Herndon, Durham; Alma Dean Holtzclaw, Vlass; Benjamin Herriott Houston, Wilmington; Walter Lee Johnson, Apex; Edwin Lee Jones, Charlotte; Leonidas Merritt Jones, Durham; Anabel Lambeth, Thomasville; James Allen Lee, Monroe; Ezekiel Jacob Lendow, Asheville; Daniel Wheeler Voorhees Maddox, High Point; Julia Ethel Mangum, Durham; Ruby Lee Markham, Durham; Henry Alexander McKinnon, Maxton; Vernon Andrew Moore, Monroe; Clinton Wilkins Morgan, Hertford; William Henry Muse, Durham; Mary Lillian Newman, Durham; Ralph Allen Pope, Durham; R. M. Patterson, Greer, S. C.; C. F. Starnes, Candler; Daisy Rebecca Rogers, Durham; Clarence Excell Rezelle, Mount Holly; Laura Ann Scott, Concord; William Lee Scott, Riverside; Walter Glasgow Sheppard, Farmville; Marshall Andrew Smith, Jr., Clinton; Mary Loomis Smith, Durham; Maude H. Upchurch, Norwood; Roscoe Bryant Wells, Tomalla; Annie Isabella West, Durham; Willie Rosalie Young, Durham; Ethel Wade, Durham; Lizzie Wren, Siler City; Emma B. McCullen, Rockingham.

Very impressive ceremonies this evening at sunset consisted of lowering the college flag by members of the Senior class, who gathered about the flag pole, sang songs and gave the yell. The ceremonies were attended by probably 500 people. There was a grand reception tonight in the new Administration building—a most brilliant affair. It is estimated 1,500 people were in attendance. This is the last event of the year.

AFTER HIS SCALP.

Greensboro Parents' Association in Action—New Bridge Built.

(Special Star Correspondence.)

Greensboro, N. C., June 5.—A body of women organized as the Parent-Teacher Association will present tomorrow a formal request to the City Board of Commissioners for an investigation of the administration of Dr. J. L. Mann, superintendent of the city schools. This much was determined at a largely attended meeting of mothers and school patrons yesterday afternoon, when vigorous protests against the conduct of the city schools were filed. The resolution calling for an investigation does not include any formal charges, merely calling for the appointment of a board of inquiry, this board to be made up of both women and men.

Some criticism has been directed toward the woman's meeting because the greater part of the men who came were dejected admission while a chosen few were allowed to remain. But those who did stay witnessed a calm, deliberative body of women at work rather than a ranting crowd of demagogues of woman's rights.

While no statements have been made, there is a wide opinion here that the board of commissioners will deny the request for the appointment of a board of inquiry. They will take the position, it is understood, that until formal charges specifying the various alleged improprieties of Dr. Mann are made no investigation will be ordered.

The county commissioners yesterday made the hearts of residents along North Elm street and members of the new country club glad by a decision to erect at once a modern and handsome iron and steel bridge across North Buffalo Creek. Just at the edge of the county limits, a rickety wooden structure now spans the creek. The new bridge is on a recently opened driveway and directly on the route to the new country club. It will be 80 feet long and 36 feet wide, with walkways on each side and sufficient room to allow the passage of two vehicles. The cost will be between \$5,000 and \$6,000.

FELL THIRTY FEET.

Young Man Painfully Injured at Rocky Mount—Royal Arcanum.

(Special Star Correspondence.)

Rocky Mount, N. C., June 5.—Falling 30 feet from one of the girders on the new A. C. L. shop building at South Rocky Mount, Jim Stokes, a young white man, employed by D. J. Roe & Co., in the construction of the building, sustained several painful and probably serious bruises yesterday morning. The young man was in the act of walking from one side of the building to the other on one of the girders when his foot slipped and he fell to the ground, striking on his head and shoulders. The injured man was immediately brought to the offices of Drs. Speight, Quillen and Speight, where he was given medical attention. He was later removed to the Atlantic Coast Line Hospital at South Rocky Mount.

The members of the local Royal Arcanum Lodge were called last night treated to an elaborate barbecue supper in the machinists' hall on the third floor of the Planter's Bank building. The supper had been prepared as a reception to Mr. Johnson, the Grand Regent of the State who was expected, but who failed to arrive for some unknown reason. There were 125 present and all report a most enjoyable time.

REMARKABLE RECORD.

Flesh-forming Food That Succeeds Nearly Every Time.

A man or woman might as well starve outright as to take food into the stomach and not have it assimilated, as in Wilmington as well as in every other town and city, there are many people who are thin, pale and seem underfed, simply because the food they eat is not assimilated, and fails to make good blood and firm flesh.

Anyone who is thin, weak, scrawny and emaciated can put 50c on deposit with the J. Hicks Bunting Drug Co., and take home a box of Samoe, and the treatment does not give a noticeable increase in good, firm flesh and restore strength and health, they will return the money without any questions.

INVESTIGATING FIRE.

Negro Lodge Room and Store Recently Burned at Laurinburg, N. C.

(Special Star Correspondence.)

Raleigh, N. C., June 5.—Deputy Insurance Commissioner P. M. Jordan is just back from Laurinburg where he investigated an incendiary fire and arrested three negroes as implicated in the burning. A store and a hall used for negro meetings were burned April 25th and G. W. L. Phillips is under \$5,000 bond, Sam Douglas under \$1,000 bond and Will Bloom in jail in default of bond, charged with the burning. Bloom confesses that he started the fire and insists that he was employed by Phillips and Douglas. Phillips is said to be worth about \$20,000. He is in the insurance business.

How English Beauties Keep Faces Youthful

Christian Miller, F. C. L., noted English health expert, attributes the early fading of American women mainly to the "national nervousness." The women of England, she says, can teach us the inestimable lesson of repose.

Another valuable lesson to be learned from the English woman is that she does not go in much for cosmetics, the continual use of which must ruin any complexion. The beauty devotees of King George's realm have the mercurized wax habit, a more wholesome method of keeping the face girlish-looking and healthy. Ordinarily, mercurized wax used like cold cream, rejuvenates the worst complexion. American women may easily acquire the habit, this wax being obtainable at drug stores generally in the United States. It is applied at night and washed off in the morning. One ounce is sufficient to completely renovate a bad complexion. It has a peculiar action in keeping the face free from the particles of dead and devitalized skin which are constantly appearing.

OIL INSPECTORS NAMED.

Five Are Chosen—Charters Yesterday. The Episcopal Conference.

(Special Star Correspondence.)

Raleigh, N. C., June 5.—The State Board of Agriculture has elected oil inspectors for the next year, there being five of them. They are William Watson, J. M. Watson, Jacob Thompson, J. D. Austin and W. G. Hall. William Watson is a new man with the oil division. His home is Swan Quarter. The other four inspectors have been with the department for some time, their being re-elections.

The board held a lengthy conference today with representatives of the board of trustees of the A. & M. College relative to the adjustment of the duplicate work of the college and the department, especially in experiment and demonstrative work, may be eliminated. This adjustment has been about settled and it is said will result in the saving of a considerable amount of money for the college and the State Department of Agriculture.

Charters were issued today for the Hinnaut-Rieser Co., Wilson, capital \$25,000 authorized and \$10,000 subscribed for machinery, mill supplies, agricultural implements, by S. B. Rieser, J. T. Hinnaut and others; The Elm Grove Gin Co., Kinston, capital \$25,000 authorized and \$3,000 subscribed for by H. C. Wooten and others; The Roman Tanning Extract Co., of Roman, capital \$125,000 by J. S. Silverstein and others.

The second day of the third annual conference of the clergy and laity of the Episcopal church for North and South Carolina at St. Mark's School today was characterized by an address by Dr. F. N. Caley, of Philadelphia, on "The Old Testament; Its Purpose and Divisions"; a lecture by Bishop Kinsman on "Phases of Modern Anglicanism"; a noon hour address by Dr. Caley on "The Old Testament; the Kingdom of Christ." The conference is proving most profitable and enjoyable and the attendance is gratifyingly large.

DUNN NEWS NOTES.

Burglar Proof Safe Installed—Congressman Godwin Home.

(Special Star Correspondence.)

Dunn, N. C., June 5.—The First National Bank is putting in a new burglar and fire proof safe with a time lock and will build a fire proof vault for storing their books and valuable papers.

Mr. H. H. McKay, who has been assistant cashier for the Bank of Cape Fear for several years, has resigned and will begin work in a few days in a Raleigh bank where he has accepted a similar position. Mr. W. T. Overman, of Salisbury, has accepted the position made vacant by the resignation of Mr. McKay.

Congressman Godwin came home last night bringing his family with him. Mrs. Godwin will spend the summer here and Mr. Godwin will remain until after the State convention. He will accompany the county delegates to Raleigh tomorrow.

Mr. D. H. Hood moved his old residence to a vacant lot on side street preparatory to erecting a new residence and sold the old house for \$3,000 to Mr. W. J. Hodges before he could get it finished up ready for occupancy, which goes to show that Dunn dirt is very valuable.

The citizens of Dunn and the surrounding country do not fear any inconvenience from the scarcity or high price of food for the next few months; there is a fine crop of "big blues" in Sampson, a fine crop of blackberries in Harnett, from which to make pies and tarts; the crop of persimmons in Cumberland is unusually good and from the looks of the wheat crop and the amount of honey being brought to market why should any one want to go to a better country?

INVESTIGATION BEGINS TODAY

A. B. Heyburn Will Be First Witness In Money Trust Inquiry

Washington, June 5.—The money trust investigation will begin in New York tomorrow morning. A process server left for New York yesterday armed with several subpoenas. Mr. Pujo declined to make public the names of those who will be called. The first subject of investigation will be of the relation of banks with the New York Clearing House and with banks in other sections of the country. The committee will also seek to discover the mutuality of interest of the banks, the clearing house and the New York Stock Exchange.

The first witness, it was learned just before the committee left for New York, probably will be A. B. Heyburn, president of the New York Clearing House. The hearing is to be held in the customs house and the investigation into the relation of the clearing house with the banks and Wall Street is to be probed deeply.

Rockland, Me., June 5.—The standardization trial of the battleship Arkansas, which was interrupted yesterday for a few hours by trouble with one of the turbine engines, was resumed today. The builders minimized the importance of the accident on Sunday, when the ship rubbed while passing through Two Bush channel, but rumors continued to circulate that the accident was a serious one.

Ends Hunt for Rich Girl. Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, headache, dizziness, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing, try them. 50c at R. R. Bellamy.

AN EXPERT SPECIAL SEA FOOD COOK.

Has just been added to the kitchen staff of the Hanover Inn, Wrightsville Beach.

A limited number of city parties or transient guests can be served with sea food suppers instead of our regular table d'hôte, on a few moments' notice from 6:30 to 8:30 P. M. To insure seat reservations and this special service it is advisable to phone before leaving city. Meals 75c.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the
postoffice at Wilmington, N. C., under Act
of Congress, March 3rd, 1879.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at \$2 per year, \$3 for six months, \$1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, \$1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications endorsing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of marriages, births, baptisms, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local Rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Thursday, June 6, 1912.

Life would be worth living if we did not have to spend all we can earn in order to live.

Figures don't lie but you can't get any truth out of the calculations of the campaign managers.

When a woman goes through her husband's pockets and finds nothing, the joke is on her.

It would prove a lurid and ludicrous spectacle if the Big Stick were to smash with the Steam Roller.

The Cubans ought to take notice how big a row we can have in this country without having to call out the army.

In starting something with Senator Root, the Rough Rider may be getting a tough customer in the ring with him and his hat.

There are a great many "I will not vote for Roosevelt" Republicans. At the same time they cannot afford to vote for Taft.

It is said that the Hon. William J. Bryan once tried the stage. No doubt he gave it up because the stump was more to his liking.

Tom Watson boasts that he is going to the Baltimore convention to "lock horns" with William Jennings Bryan. If he does, and Bryan finds it out, it will make him laugh.

Massachusetts has decided to spend \$5,000,000 for good roads in the next five years. That is \$1,000,000 a year, and it is only an investment that will return a big dividend.

Has North Carolina chosen delegates to Baltimore yet—or will North Carolina be allowed to send delegates to Baltimore this year?—Greenville News.

We feel in our bones that of March 4, 1913, the Faithful will be crowding forward to receive Pie and Postoffice from the gracious and generous hands of a resurgent Democracy.—Columbia State.

Mrs. Susanna Look Avery, of Louisville, Ky., says for 75 years she has been demanding "equal rights" for women. Is it possible that we really deny women any rights that they deserve?

Will the people rule at the National Republican convention, at Chicago June 18th? Teddy says there is a plot to steal the convention from him, so he must consider that it is his and not the people's.

Congressman Bradley, of New York, has introduced a bill which provides a fine of \$100 for any person who makes any "unnecessary noise" with a musical instrument. The chin music of politicians is probably exempt from classification as unnecessary noise.

The people want to keep efficient, capable and tried officials in office because it is to the public interest to do so, but they seem to want to have things fixed so they can recall incompetent and unfail officials without waiting for their terms to expire.

Col. Roosevelt says he will not bolt unless he is unfairly treated by the National Republican convention at Chicago next Tuesday week. As he is the sole judge of what he considers unfair, he may decide that it would be an outrage on him if the convention should nominate Taft.

Mr. Roosevelt seems to be afraid that he will not receive fair treatment at the hands of the Republican National Committee and he perhaps has had enough dealings with that crowd to know what to expect of them.—Durham Herald.

FACILITIES CHEAPEN COMMERCE.

American ports are taking lessons from the German ports as to the value of modern water terminals to handle ship cargoes, loading and unloading. Water terminals with good piers, machinery, conveniences and warehouses make it easier and cheaper to take on and discharge cargoes, and by lowering expenses and by saving time, another great element in economy, there follows an increase of commerce. Commerce goes where there are facilities for handling it with despatch and economy, and there is in this country a steady revolution in the methods and manner of handling water freights. Loading and unloading ships quicker and cheaper attracts commerce because it goes where there are proper harbor facilities.

Most every big port in this country has an elaborate harbor scheme on foot, and millions of dollars are being invested to take care of commerce. We say "invested," because there is a sure return in commerce and business on the capital invested in facilities. Montreal, Canada, is putting in modern terminals at a cost of \$2,000,000, principally for the exportation of wheat. The improvements include a new 1,200-foot pier, the lengthening of old ones, and the deepening of basins. These improvements have been rendered necessary by the longer and larger ships now going into that port. Railroad terminals are also being revolutionized in order to correspond with the better harbor facilities, and all this is being done in order to meet the demands of commerce. In fact, they increase the commerce of a port, just as all business grows where there are facilities for handling it.

Owing to improved harbor facilities at Honolulu, a wonderful record was made a few days ago in loading a big cargo of sugar for New York. The American-Hawaiian Company's steamer, the Virginian, while lying at her berth in Honolulu, loaded 47,082 bags of sugar into her hold in just eight hours. Thus, it is now possible for a ship to arrive, load and sail in less than half a day. The American-Hawaiian Company has fine loading facilities at Honolulu, and when the Virginian was berthed to take on her cargo, her freight was supplied from five inland steamers all unloading at the same time into the big steamer.

The Virginian took her sugar cargo to Salina Cruz, where it was delivered to the Tehuantepec National Railway across the Isthmus, and it was again loaded on the Atlantic steamers of the company for delivery in New York. Had the Panama canal been ready for business the Virginian would have sailed from Honolulu and never broken cargo till she reached New York. If we had a coaling station at Southport or Wilmington, the Virginian, or the company's Atlantic steamers, might take on coal for their finishing run to the port of New York.

As it was, the Virginian had to discharge her sugar at Salina Cruz where she loaded a general cargo for San Francisco and Tacoma. If the Panama canal had been completed she could have taken on her return cargo at New York and sailed thence for her Pacific destination. On her return trip she could again have taken coal at the modern coaling station that we ought to have at Southport or Wilmington.

The Star mentions these instances and adds these conjectures to point to the fact that with the Panama canal completed and modern water terminals and coaling facilities at this ocean gateway, the possibilities for commerce will be realized on a large scale. The commerce is to be had if we Wilmingtonians will get ready for it. We have written enough about modern terminals to make a book, and this is another addition to it. At the same time, with the canal scheduled for completion in 12 months, we have done nothing towards providing this port with modern water terminals and coaling facilities. It is time for us to formulate our scheme and carry it out. It could add tremendously to the commerce of this ocean gateway if we would go to work in the right way. We must not let other ports lead. We must lead and let them do the following.

Facilities that will provide despatch and economy for handling ship cargoes would swell the commerce of Wilmington. Modern terminals would be a big investment.

MAKING A DAIRY STATE.

The farmers of North Carolina should not fail to profit by the addresses on dairying, delivered in the South by Mr. Egan, United States Minister to Denmark. Mr. Egan spoke in North Carolina and his glowing account of the dairying methods of the people of Denmark were inspiring. He also spoke in several Southern States, extending his trip as far South as Louisiana and Texas. Mr. Egan deserves a vote of thanks for his earnest, able and informing addresses, for they are well calculated to do a world of good in the South.

Denmark is a very small country, having only 15,000 square miles of territory, about one-third the size of North Carolina. The population is 2,500,000, several hundred thousand more than that of North Carolina. While Denmark is a small country, it supports a population greater than that of North Carolina, and besides that, last year that little country sent abroad \$60,000,000 worth of butter,

\$40,000,000 worth of bacon, and \$10,000,000 worth of eggs. That represents \$110,000,000 of three surplus products, and it meant that for every man, woman and child in the country they drew about \$50 a head from the markets of other countries. That makes the people of Denmark prosperous, not to mention the great production which supports the people of the country. Reverse that order, and let the people of Denmark send away 10,000,000 a year for butter, bacon and eggs and it would not be difficult for us to imagine a people who would be thrifless if not poor.

In North Carolina, however, we are doing the opposite of what Denmark is doing in the way of keeping her money at home. We are sending millions of dollars away from home for butter, eggs and bacon, all of which we could produce right here in North Carolina. If we would produce our own bacon, eggs and dairy supplies and keep our money at home it would make a decided difference in our prosperity.

The conditions in North Carolina are more favorable for dairying than they are in Denmark, yet we depend on the North and West for our butter, while our meat comes from the Western packing houses, and a large part of our egg supply comes from the cold storages of the West and North. The Danes began their dairying enterprises in 1848, and today they are the world's leading people in that line. Very few Danes are ever heard of among the immigrants who come to this country, for they are prosperous at home and would not think of coming away from such a land of plenty as Denmark.

In this country, Wisconsin furnishes us a fine example in dairying, and so do several other States. Indeed, if it were not for the Western and Northern dairies and oleomargarine factories, buttered bread would be a rarity in North Carolina. It is time to stop that foolishness and develop at once an industry that will find millions of dollars of trade right at home. North Carolina farmers will find co-operative dairies an attractive proposition, and our capitalists have no more inviting field than to establish commercial dairies. They pay well in the cold North and they would be more profitable here where stock feed and grass grow in profusion, not to mention the fact that our mild winters make it much less expensive to shelter and feed stock during the cold months.

SOME POTATO GROWING.

Eastern North Carolina this season has shipped thousands of bushels of early Irish potatoes to the Northern markets. Many of our truckers who have never grown potatoes for the market before have succeeded admirably, and as usual the season has demonstrated that this portion of the Nation's Garden Spot is the ideal country for any kind of production. The beauty of it is that since our fine potato crop has been marketed, the farmers are cultivating other money crops on the same land.

A couple of farmers who own 100 acres of drained swamp land near Wilmington planted their first potato crop this season. They produced 100 barrels, or 300 bushels, per acre and they were sold while the crop was selling at \$2.50 to \$5.00 per barrel. They harvested 10,000 barrels of potatoes on the 100 acres and the crop brought more than \$25,000. They now have fine cotton and corn crops growing on the same land and will harvest richly again in the fall.

Speaking about potato growing, New York is the leading State, and then comes Michigan, Pennsylvania, Maine, Wisconsin, Ohio, North Dakota, etc. The greatest potato producing county in America is Aristook county, in Maine, that county's production in a year being 17,000,000 bushels, which last year brought the farmers about \$2 a bushel. They estimate that their surplus money on the crop was \$1,750,000. The yield is about 100 bushels per acre, which most any acre in North Carolina will easily produce, not to mention whole farms that will produce from 250 to 300 bushels per acre. However, many Maine farmers produce 220 bushels per acre.

The Irish potato has become one of the greatest of our food crops, and since North Carolina can market potatoes from the middle of April to the last of May, our farmers will find it a profitable crop with which to diversify at a time when money is scarce in the cotton country.

CURRENT COMMENT.

Why such strenuous efforts to smoke Senators Simmons and Overman out and make them announce a preference for the Presidential nomination? Has anybody heard of Governor Kitchen or Chief Justice Clark tearing their shirts for either of the candidates? Or has Mr. Craig, or Grimes, or Lacy, or Wood, or Bickett, or Young, or Shipman, or Graham, or Travis, E. G. Daniel, Bagwell, Pell, Maxwell, Jones, or Arendell, or has Boushail, W. E. Daniel, McRae, Daughtridge or Shaw been stumping the State for any of the Presidential aspirants? Some political capital is too cheap to be entitled to notice.—Greensboro News.

The weather is warming up to put itself in tune with the warm propositions that will come to us in a few weeks with the Democratic National Convention. It will be "a hot time in the old town" indeed when the headquarters of the various Presidential candidates are transferred to this city, and a hotter time still when the "un-

terfied" assembly in their might to give the Democratic Roland for the Republican Oliver nominated at Chicago. And this year the Democratic hosts will be truly the "unterrified" and they will come on the field of battle with the confidence of victors. They will come untrammelled as well as unafraid, with "minds open to the truth, no matter whose lips may speak it, and owing allegiance to no machine, no boss, no interest, but only to the supreme authority of the people, whom they consider free men to represent. What a glorious time we are going to have when this convention assembles and brings together a National Democracy united in spirit, keenly responsive to popular demands and aflame with the fire of progressive patriotism! What can withstand the Democratic hosts, if they do their work in such an atmosphere as this, if the inspiration of their great cause sweeps them along on the tide of opportunity?—Baltimore Sun.

WILL ERECT CONFEDERATE MONUMENT

Editor the Morning Star:—At a meeting of the Daughters of the Confederacy held at Burgaw yesterday they decided to erect a monument on the Court House square to the veterans of Pender county. The president, Mrs. Carroll, appointed Capt. B. P. Peltson a committee of one to formulate a plan and build the monument. He accepted the appointment, outlined the plan and promised to erect the monument within six months. He proposes to collect from the descendants of the soldiers who volunteered from what is now Pender county a sum sufficient. It is calculated from the 400 who volunteered there are about 2,000 descendants in Pender, New Hanover and other counties. These will be asked to contribute a small sum, from 25 cents up, as they feel able. There are a large number in a sum sufficient. The committee to collect will be named later. Quite a nice start was made at Burgaw yesterday. Jas. W. Little, Esq., made the first contribution and B. F. Keith made the second, both of your city. Their contributions were liberal. VETERAN.

TAFT FAVORS ROOT

President Will Fight Teddy to the Last Ditch

Washington, June 5.—President Taft's choice for permanent chairman of the Republican National convention is Senator Elihu Root, already selected by the Republican National committee as the temporary chairman of that convention. In spite of the opposition of Colonel Roosevelt and some of his advisers to Senator Root as temporary presiding officer of the convention, Mr. Taft today decided that Mr. Root also should receive his support for the permanent chairmanship. The news that the President had reached his decision was taken tonight in Washington as a further indication that the President and his friends intend to fight Mr. Roosevelt at every point and was said also to show that the President is confident that he has the votes necessary to insure the selection of Mr. Root in spite of determined opposition and to make permanent the temporary organization of the convention. The information that the President would like to see Senator Root made permanent chairman followed closely the departure of his secretary, C. D. Hillis for Chicago. Mr. Hillis will have charge of the President's interests in the National committee and the convention.

GOLF COMPETITION.

Sixteen Entrants in Championship Contest Today.

Chattanooga, Tenn., June 5.—The competition for the golf championship of the South today narrowed down to 16 entrants of the annual tournament which opened on the Chattanooga course yesterday.

These players will begin the process of elimination in the championship contest tomorrow.

The next annual tournament will be held at Montgomery, Ala., June 3rd-7th, 1912.

At the annual meeting of the association tonight H. F. Smith, of Nashville, was re-elected president.

TEETHING CHILDREN

are a source of great anxiety to their parents. It is heartrending to see them in so much pain. We wish every mother knew, as we know, of the wonderful efficacy of OLD DR. BIGGER'S Huckleberry Cordial in all cases of teething, when accompanied by colic, diarrhoea, dysentery or any kind of bowel trouble. A bottle would then be in every house for emergencies. Ask your druggist. Serial No. 876. Price 50c and see per bottle. Sent for Confederate Veteran Souvenir Book-free. Mtd. only by Haliwanger-Taylor Drug Co., Atlanta, Ga.

KNOCKED WELLS DOWN

Eastside Floored English Lightweight Champion But Lost Fight. New York, June 5.—Matt Wells, the English lightweight champion, and hundreds of spectators were surprised in Brooklyn tonight when Young Brown, an Eastside lightweight, knocked the Englishman off his feet in the first round of a 10-round bout with a clean left swing to the jaw. Wells was up in a couple of seconds and although he had the better of the fight as a whole he found Young Brown unexpectedly strong and clever.

The fight was fast, with the Englishman getting in three blows to Brown's one, but the young Eastsider fought gamely. Wells was cautioned for using his head and hitting in the breakaway.

Wells weighed in at 140 1-2 pounds and Brown at 137.

PLEADS SELF-DEFENSE.

Youth Who Killed Another Has to Support His Mother.

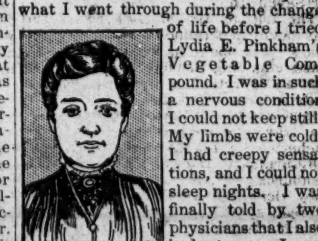

Atlanta, Ga., June 5.—Ernest Finley, a 17-year-old cotton mill hand, who late last night shot Herbert Jefferey, 14, today told the police he did so when Jefferey and his "gang" tried to run him out of the neighborhood because he was poor and had to work to support his mother. The wounded boy may die. Finley, who is in jail, pleads self-defense and says he was attacked by several youths with bricks. The shooting took place near a tent in which a Christian Science service was going on, and came near ending the meeting.

Columbia, S. C., June 5.—Plans have been completed for the organization of the South Carolina Chamber of Commerce, the first meeting to be held in this city on July 9th, when permanent officers will be elected. Lewis W. Parker, of Greenville, is temporary president and A. McP. Hamby, of Columbia, is temporary secretary. A call has been issued, urging all business men to join. At the first meeting a dollar dinner will be served.

MRS. GREATOR'S AWFUL EXPERIENCE

During Change of Life—How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold. I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I had a tumor. I read Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—Mrs. MARION SWEET GREATOR, No. 1 Jefferson St., Natick, Mass.

one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—Mrs. MARION SWEET GREATOR, No. 1 Jefferson St., Natick, Mass.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BRIEF SESSION OF COUNCIL

Regular Weekly Meeting Held Yesterday Morning—No Special Features, Marked the Session—Reports for Month

Featured by the brevity of the session rather than by the transaction of any business of special interest or importance, the City Council held its first regular weekly meeting yesterday morning since it was decided to hold the regular meetings in the mornings instead of afternoons during the summer months. The session began at 9:20 and adjourned at 10:10. Mayor Smith presided and all members were present, also, Capt. Thos. D. Meares, city clerk and treasurer, and Geo. L. Peschau, Esq., Assistant City Attorney. The chiefs of the fire and police departments were also present for a short while.

In response to a question from Mayor Smith Councilman P. C. Moore stated that the park committee composed of the city attorney and himself, would be ready to report probably today on the proposition of the Suburban Development Company to give the city land for a park in the southern part of the city in return for improvement of Fourth street from Wright to Greenfield.

Application of Davis Ruben for junk dealers' license to conduct business at No. 104 South Water street was referred to Councilman B. C. Moore.

Report was received from the Civil Service Commission, giving results of examinations held on May 17th and 24th of applicants for positions in the police and fire departments. Out of a total of 80 applicants only 10 received sufficient percentage to entitle them to be placed on the eligible list.

The Civil Service Commission is now composed of Dr. J. H. Bornemann, Jr., chairman; Messrs. S. J. Ellis and L. W. Moore. The following applicants for positions on the police force were reported as eligible: C. L. Spooner, J. F. Jordan, B. C. Hemby, John H. Davis, O. V. Thompson, J. B. Pickett and R. R. Rhoades. The recommendation of Councilman B. C. Moore the following four were elected members of the force to fill vacancies: C. L. Spooner, J. F. Jordan, John H. Davis, O. V. Thompson. In the fire department the following were reported as being eligible, but no elections were made: L. F. Pickett, J. E. Haas and E. W. Coleman.

The city clerk and treasurer called attention of Council to the fact that he had written two letters to the American Agricultural & Chemical Co., enclosing bill for about \$20 for care of a smallpox patient said to have come here from the city of New York, across the river, and stated that both communications had been ignored. It was suggested by Councilman Perdue that head office of company be notified. The discussion brought up the question of whether or not the firm is liable for special license tax. The plant is located in the city of New York, outside of the city. The office is in Wilmington and it is claimed by the city that the fact that the office is in this city makes the company liable for the tax. There are several other firms not now on the tax books are said to be liable for a license tax and Assistant City Attorney Geo. L. Peschau was instructed to look into the matter with a view of bringing indictments.

In response to a notice from the chief of police several persons living on Woods street, from Grace to Red Cross streets, were present to be heard on the question of opening Woods street, between the two streets named. Mr. Thos. H. Wright, who is making considerable improvements on his property in that section, asked that Woods street from Grace to Gwyn, a distance of two blocks, be opened all the way through to Red Cross street. The property owners present gave their unqualified consent to the opening of the street. The following resolution was adopted:

"Whereas, it is brought to the attention of the Council by the chief of police and by surveys of the city surveyor that various parties are and have been encroaching on Woods street and materially obstructing said street by fences and other obstructions erected on the same, and whereas, improvements are in contemplation for said street, be it therefore,

"Resolved, That all parties encroaching on said street who have not received notice to remove such obstructions be notified to do so forthwith or to appear before the Council at its meeting on June 12th and show cause why such obstructions should not be removed."

Councilman B. C. Moore brought to the attention of Council the social club ordinance offered by him at a previous meeting. He said that he had understood from several clubs supposed to be doing a legitimate business that their main objection to the proposed measure was that of the tax and that they had no objection to the other provisions, which make them subject to police inspection. Mr. Moore said that he was willing to cut out the tax, the other features of the ordinance being what he wanted particularly. Councilman Perdue was not so certain where he stood on the proposition and asked that it lay over for another week, which was agreeable to Councilman Moore. Councilman Tiencken, who has opposed the measure from the outset, stated that to do away with the tax would be to do away with the only good feature of the proposed ordinance.

The report of Chief Chas. Schnibben, of the fire department, for the month of May, showed that there were 10 alarms, causes being as follows: Sparks from chimney and smokestacks 5; accident 2; heat from boiler 1; false alarm 1; defective flue 1. The chief reported that the total fire losses for the month will not exceed \$8,250. Mr. John J. Fowler, chief of police, reported 203 arrests in May, 78 whites and 125 colored. Of this number there were 65 for drunkenness, 31 whites and 34 colored. There were 37 for disorderly conduct, 16 whites and 21 colored; 15 for assault with deadly weapon, two whites and 13 colored; 13 for vagrancy, two whites and 11 colored. The remainder cover a variety of offenses.

A large number of applicants for license to conduct restaurants or soft drink places have been given to Councilman B. C. Moore, but were not presented yesterday, as he desires time to investigate each application. A special meeting of the Council may be held today to pass on the applications and for any other business that may come up.

The report of the health department for the month of May shows that there were 45 births, 11 whites and 34 colored; 54 deaths, 16 whites and 38 colored. Dr. Chas. T. Nesbitt, city superintendent of health, reported that he personally examined 12 meat markets and that the sanitary conditions of some were far from satisfactory. The places visited are given in the report. Dr. Nesbitt said that in many places there was an accumulation of trash and waste and that the screening from flies was very ineffective. He says that he pointed out to the proprietors the defects and that suggestions were given as to how to remedy conditions.

Dr. Thomas Thames, assistant superintendent of health, reported that he made 94 visits to indigent poor; had 16 office consultations of indigent poor; 25 permits were issued to the James Walker Memorial Hospital and six cases of typhoid fever were reported during the month.

Dr. Thos. B. Carroll, meat and dairy inspector, reported that he made 15 inspections of dairies during the month. The sanitary conditions and health of cattle and attendants were found to be good. His report continues: "There seems to be a decided improvement in our milk supply since the discontinuance of the central station, as I have not had a single complaint in seven weeks." Dr. Carroll made 559 examinations of fresh slaughtered meats, as follows: 216 cattle; 331 sheep; and 12 hogs with 19 head of cattle condemned for food purposes.

REAL ESTATE TRANSFERS.

Number of Deeds Were Filed for Record at Court House Yesterday.

Deeds were filed for record yesterday as follows: Julius Davis, and wife to C. C. Covington, for \$1,000, lot 133, south of Ann street, 66x155 feet in size; Ida McLean Black to J. W. Mayland and wife, for \$10 and other considerations, lot No. 44 in Winter Park Gardens; Jno. W. Harper and wife to New Hanover Transit Company, for \$1,000, lot 100, lot 101 and other considerations, lot in Federal Point township, on Carolina Beach; Southern Realty & Development Company to Demetre Panagopolos, for \$10 and other considerations, lots 28, 283 and 284 in Lake Side Park; Sarah J. McGowan and others to J. C. Vereen, for \$100, lot on northeast corner of Ninth and Castle streets, 66x86 feet in size; Winter Park Gardens Company to Stephen R. Ellis, for \$10 and other considerations, lot in Winter Park Gardens, on Peach Tree avenue, 66x330 feet in size; L. S. Mixon and wife to C. C. Covington, for \$200 and other considerations, lot 10, Meares, 181 feet east of Third street.

THE RECORDER'S COURT

Tame and Uninteresting Session Yesterday Morning—One Case Only.

Yesterday's session of the Recorder's court was a short and tame one, only a few cases being tried and these being of minor importance. In the absence of Recorder J. J. Furlong, who is in Raleigh to attend the State Democratic convention, Substitute Recorder Geo. Harris presided. Thomas Berry, colored, was found guilty of an assault on a female, Alice Ferguson, and was given alternative of paying a fine of \$25 and costs or spending three months on the county roads. Lacking the wherewithal to liquidate his obligation, Thomas will probably be of much service in improving the New Hanover thoroughfares for the next 90 days.

R. T. Pendergraft, a white man, was fined \$10 and costs for disorderly conduct and one drunk paid the usual fine and costs.

STILL ON GREGG CASE

Argument of Attorneys Consumed All Yesterday—To Jury Today

Superior Court is still engaged with the trial of the case of Mrs. Susan M. Gregg vs. the City of Wilmington and Mr. J. P. Woolvin, yesterday being devoted to argument of counsel. It was thought early in the day that probably the case would go to the jury yesterday but the attorneys consumed so much time this could not be done. Robt. Runk, of counsel for Mr. Woolvin, spoke first yesterday morning, followed by ex-Judge E. K. Bryman, for the city; Hon. John D. Bellamy, for the plaintiff, and City Attorney Herbert McClammy for the city. This morning A. G. Ricard, Esq., for Mr. Woolvin, will speak first and the concluding argument will be made by George Rountree, Esq., of counsel for the plaintiff.

Death of Little Daughter. Mr. and Mrs. A. W. Smith, of No. 92 Delgado, will have the tenderest sympathy of many friends in the loss of their little 19-months-old daughter, Hazel Merle Smith, who passed away at the family residence yesterday afternoon at 6 o'clock following an illness of some time. The funeral will be held this afternoon at 5 o'clock from the residence. Rev. Andrew J. Howell, assistant pastor of the First Presbyterian Church, will conduct the services. Interment will be in Belle Vue cemetery.

Settled Near Southport. Mr. and Mrs. H. L. Robinson, formerly of Pittsburg, Pa., have purchased a place near Southport and have moved there. They visited this section last Fall and were so much impressed with the delightful climate and the agricultural and commercial possibilities that they decided to locate here for good. They have been at their new home for some time and have already made many friends.

THE YOUNG BUSINESS MAN

This bank is distinctively a business man's bank. It has made a specialty of the banking needs of business men and therefore, knows their requirements. It is in a position to render them every service and to safeguard their interests, under all conditions.

The Southern National Bank

BIG ALLIGATOR CAPTURED

Monster, Reptile Brought to City on Motor Truck Yesterday Morning. Measures 11 Feet in Length. Object of Interest.

One of the largest alligators ever seen in New Hanover county was captured yesterday morning on the Wilmington-Wrightsville turnpike, just this side of where the Greenville Sound road branches off, by Mr. Marion Harris, son of Maj. W. N. Harris, Clerk of the Superior Court, and two negroes, who are employed by Mr. John S. McEachern. The 'gator was brought to the city, where he proved an object of much interest. He measures about 11 feet in length.

Mr. Harris was riding back from Wrightsville Sound on the big Packard truck of Mr. John S. McEachern, which was in charge of the two negroes, Willie Brown and Jim Adams. As they neared the point where the Greenville Sound road branches off from the turnpike Mr. Harris noticed the alligator run across the road some distance ahead of them. At first they were not just sure what the thing was, but the truck was stopped and after a short search Mr. Harris located the alligator among some bushes just off the road. By this time several negroes in carts had driven up and stopped. When they saw the 'gator most of the negroes climbed trees, and when Mr. Harris announced his intention of capturing the monster they implored him to release it, declaring that it would come out in the road and eat their horses. However, Mr. Harris took a piece of rope and forming a noose threw it over the alligator's head, making the other end fast to a tree. As the rope was none too strong it broke, but a piece of wire cable which he also placed around the 'gator's neck. With the assistance of some of the negroes the alligator was pulled into the road and the cable made fast to the truck. Up to this time the monster remained fairly quiet, but he began making things lively, thrashing around and lashing about with his tail. It was seen that it would be impossible to get him in the truck, so the machine was started and he was towed behind it for about a mile. He protested against such treatment very strenuously, but his objections did not amount to much against the power of the big auto, and he soon became fairly docile. He was then hauled into the truck and brought to the city, where he was unloaded on the wharf at the foot of Princess street.

Here all during the afternoon the alligator was an object of much interest and hundreds of people went to the wharf to see the big fellow.

The alligator had probably been living on one of the cypress swamps along the road and was moving from one place to another when captured. It was said yesterday that residents in the vicinity where the 'gator was captured have been missing pigs lately and it is not at all improbable that the big fellow is responsible for the disappearance of the porkers.

The alligator was taken across the river last evening by a resident in a place where he will have access to the water. Mr. McEachern stated that he would probably kill the big fellow for his hide, though he may decide to sell him alive.

VISITORS AGAIN ENTERTAINED.

Mr. H. R. Jolles and Party Visited Wrightsville Beach Yesterday.

Mr. H. R. Jolles, of Savannah, Ga., vice consul for Netherlands for North and South Carolina, Georgia and Florida; Baron Holck, who represents the Netherlands-American Trading Company, a foreign syndicate interested in colonization projects, and Mr. Tydemann, a Holland soil expert, who are the guests of officials of the Atlantic Coast Line, Tuesday on a trip to the colonies of the Carolina Seaboard Development Company, were further entertained yesterday by Mr. E. N. Clark, agricultural and immigration agent for the Coast Line, and Messrs. C. Van Leuven and R. C. Cool, of the Carolina Trucking Development Company, by a trip to Mr. A. O. McEachern's farm, where they were taken to the Wrightsville Beach. The visitors left for the 3:15 train yesterday afternoon for Savannah.

The trip to Mr. McEachern's farm was made in automobiles and several boats were spent in looking over the place, admiring the fine view of the sea and part of the arrangement of the modern farm. The visitors expressed themselves as delighted with what they saw and congratulated Mr. McEachern upon his fine place.

Returning to the city the party took a suburban car to Wrightsville Beach. They visited all the different points of interest, spending some time at Lumina, the handsome pavilion at the terminus of the suburban line. The party took lunch at the Oceanic Hotel. Mr. Jolles declared his intention of returning to the beach for a stay of several weeks later in the season.

CRIMINAL ASSAULT CHARGED.

Seven Year Old Negro Girl Said to be Victim of Negro Man.

The police are looking for Ernest Dove, colored, who recently completed serving a sentence on the county roads, and who is now wanted for a criminal assault upon Eunice Phasent, a seven-year-old colored girl. The assault is alleged to have been committed Tuesday morning and the matter was reported to the police department at once, but the information was suppressed at the City Hall in the hope that the negro could be arrested.

Dove, it is said, completed his term on the county roads Monday afternoon and went to the home of the girl's mother and asked to stay all night. He was allowed to do so. The assault is alleged to have been committed early Tuesday morning, while the mother was getting breakfast in the kitchen. The girl went to her mother at once and told her of the assault and when the mother charged Dove with the crime he jumped through a window and has not been seen since. The plainclothes squad has been scouring the city for the negro, but they believe that he has left for other parts.

A WHOLESOME SUMMER DRINK

Hersford's Acid Phosphate. Refreshing, invigorating and healthful.

UNVEILING OF MONUMENT

Event in Washington Saturday Will be Largely Attended—Large Wilmington Delegation—North Carolina's Tribute.

Leaving the city today and tomorrow will be some 30 or 40 members of Knights of Columbus, bound for Washington, D. C., where on Saturday they will attend the exercises incident to the unveiling of the monument erected to the memory of Christopher Columbus on the Union Depot Square. It is estimated that there will be 100,000 visitors in Washington to attend the exercises. They will come from every section of the country.

The procession will be headed by the Knights of Columbus and representatives of numerous other orders will be in line. Among those who will leave this evening from Wilmington are Messrs. J. H. Niggel, James Owen Reilly and R. H. Banks. Most of those composing the delegation will leave Friday night, among whom will be H. T. Bauman, F. W. Banks, J. W. Rowan, J. J. Quinlivan, J. B. Sheehan, J. E. Shannon, H. M. Shannon, J. I. Lockfaw, D. A. Lockfaw, John Feenan, E. C. Hines, E. F. Peschau and W. F. Powell, of Wilmington; N. M. Bullard, of Montague; C. J. Crane, of Marion, S. C.; W. J. Flanagan, of Jewell, La. and W. J. Morrison, of Rocky Mount, and others.

The wreath to be placed on the Columbus monument from North Carolina, as one of the original thirteen Colonies, has been completed by Mr. Will Rehder, the well known florist of this city, and will be shipped to Washington this morning. The wreath is a strikingly handsome one and of unique design. It is of oval shape and measures four and one-half feet across. Materials used in its construction are all native to North Carolina and include polished magnolia leaves, long leaf pine needles, and cones. Southern grass moss, North Carolina flags, etc. The wreath is tied with three large red, white and blue ribbons. It is expected that this wreath will be one of the handsomest to be placed around the monument, and it is certain that no other one will better represent the State from which it comes than this one. Those who have seen it have congratulated Mr. Rehder on his splendid work. The design was selected by Mr. Henry T. Bauman, who will send it today by express to Col. Spencer Crosby, of the United States Army, Washington, who will have charge of the placing of the wreaths.

STILL GOING FORWARD

Trade Extension Association Begins A New Advertising Campaign.

The Wilmington Trade Extension Association, which has proved a valuable organization in the attraction of outside trade with its unique free fare proposition, has begun a new campaign of advertising. The association avails itself of the opportunity in order to take advantage of the beach season when thousands of visitors come to the city. The organization has been so well supported by its members that simple fare has been reduced to one-half the former rate and renewed efforts to further the interests of the association will be made.

Advertising matter has been distributed freely among the members in order that they may mail it out in the territory and with the proper co-operation the progress in extending the trade boundary is assumed.

AS TO NURSERY STOCK

If Admitted to Mails Must Pass An Official Inspection. Postmaster Thos. E. Wallace, of the Wilmington postoffice, desires to call the attention of the public to the following recently sent from the Department in the Daily Bulletin: Order No. 6213.

Paragraph 8, Section 496, Postal Laws and Regulations, is hereby amended to read as follows: "Nursery stock, including florists' stock, trees, shrubs, plants, vines, cuttings, grafts, scions, buds, bulbs and roots (which are not injurious insects) may be admitted to the mails only when accompanied by a certificate from a State or government inspector to the effect that the nursery from which said nursery stock is shipped has, within a year, been inspected and found free from injurious insects."

FRANK H. HUTCHINGS, Postmaster General.

CAN'T BUDGE BIG STEAMER

Seminole Makes Another Effort to Float Cella—Schooner Clears

The revenue cutter Seminole went down the river yesterday morning and made another effort to pull the British steamer Cella into the channel, but without success. The Seminole tug, at the big tramp hard enough to break her hawser, a ten-inch line, but could not budge the steamer. It seems to be an impossible task to float the Cella in this manner and some other means will probably have to be resorted to.

The schooner Calhoun E. Ross, Capt. Coulburn, cleared yesterday for New York with a cargo of lumber by Robert R. Sizer & Co., vessel by Maffitt & Wood.

Passing on Applications.

All applications for license to conduct soft drink establishments, restaurants, hotels, etc., now pass through the hands of the health department before going to the City Council to be passed upon. This is done in order that the health officers may make an inspection of the premises of the proposed establishment to determine whether it comes up to the requirements of the sanitary laws of the city. Such applications must now be approved by the health department and the chief of police before action is taken by Council.

Makes the Nation Gasp. The awful list of injuries on a Fourth of July staggers humanity. Set over against it, however, is the wonderful healing by Bucklen's Arnica Salve, of thousands who suffered from burns, cuts, bruises, bullet wounds or scalds. It's the quick healer of boils, ulcers, eczema, sore lips or piles. 25 cents at R. R. Bellamy.

CARSON BROTHERS RELEASED.

Men Found Guilty of Moving Mortgage Property Out of Jail.

W. J. and A. Carson, the two brothers who were found guilty in the Recorder's court last week on charges of disposing of mortgaged property and who appealed from fines of \$50 each and costs, have been released from jail. Clerk Fred Skipper, of the Recorder's court, said yesterday that he did not know what arrangements had been made for releasing the men, and Recorder John J. Furlong was out of the city and could not be communicated with. M. Clayton Grant, Esq., who prosecuted the case for Mr. J. O. Brock, whose automobile the Carsons took away with them, stated last night that he had been returned the amount Mr. Brock expended to have the two men brought back from Petersburg, Va., where they were arrested and he presumed that they had paid their fines and costs before being released. Chief of Police John J. Fowler stated that he did not know under what conditions the Carsons had secured their liberty.

SUPREME OFFICERS COMING.

Supreme Chancellor Will be Represented by Wilmington Pythian.

Capt. Thos. D. Meares, Supreme Master of Exchequer of the Knights of Pythias, has received a letter from Supreme Chancellor Hanson, of California, Me., expressing some doubt of his ability to attend the meeting of the Grand Lodge, domain of North Carolina, at the Oceanic Hotel, Wrightsville Beach, next week, and asking the Supreme Master of Exchequer to represent him on that occasion. Hon. Union B. Hunt, of Indianapolis, president of the insurance department, is expected to be present, and Hon. Chas. S. Davis, of Denver, Colo., a prominent member of the order in the West, has been requested by the Supreme Chancellor to be in attendance.

MAYOR SMITH ABSENT.

Goes to Piedmont North Carolina for a Week's Visit.

Mayor Joseph D. Smith left yesterday afternoon for a visit to Charlotte, High Point, Greensboro and probably other points in Piedmont North Carolina. Mayor Smith formerly lived in Charlotte and High Point and his visit is for both pleasure and business. He recently purchased a most valuable property in High Point and this is one of the matters which is taking him to that section of the State just now. He will be away for a week or ten days. This is the first time he has been out of the city for more than a day at a time since he became Mayor over a year ago. During his absence Mayor Pro Tem. M. G. Tiencken will be acting Mayor of the city.

Stiff Neck Relieved

For any stiffness or lameness Sloan's Liniment gives relief at once. It acts like massage—quickens the blood and limbers up lame muscles and joints. When applied immediately after violent exercise it prevents stiffness.

Here's Proof

"I am using your liniment for stiffness. I have bought two bottles of it and it is the best I ever saw."

Mrs. MARY CURRY, Milltown, Ga.

"I had a severe pain between my shoulders, and noticing your advertisement in the street cars I got a bottle which quickly relieved me."

R. D. BURGOYNE, Maysville, Ky.

DR. EARL S. SLOAN, BOSTON, MASS.

SLOAN'S LINIMENT

is an excellent antiseptic remedy for sore throat, cuts and bruises. Very penetrating—needs no rubbing. Sold by all dealers.

Price 25c., 50c. and \$1.00.

Sloan's book on Horses, Cattle, Hogs and Poultry sent free. Address

DR. EARL S. SLOAN, BOSTON, MASS.

A Home Worthy of the Fairest June Bride

Next to her affection for her husband the young bride centers her thoughts and interest on her new home and furnishings. Let your gifts be of the practical, useful and lasting kind, that are always remembered.

GLOBE-WERNICKE BOOKCASES

are always acceptable. Why not give the Young Couple a Globe-Wernicke Bookcase?

It would be difficult to think of anything more acceptable, useful or ornamental. They are made in so many styles and finishes that a selection which will fit all other decorative features is easy. It will give us pleasure to show you how useful, handsome and reasonable they are.

C. W. YATES & CO.

—have an unbroken ten year record of leadership on quality and service.

Sold by all dealers who consider quality

SOCIAL & PERSONAL

The Women's Christian Temperance Union will meet this afternoon at 4:30 o'clock in the lecture room of the First Baptist Church.

Mr. Louis T. Moore, the popular city editor of the Evening Dispatch, returned yesterday from a visit to New York City.

Yesterday's Charlotte Observer: "Miss Maggie Haughton, of Wilmington, is visiting her brother, Capt. Thos. H. Haughton, on East Eleventh street."

Yesterday's Raleigh News and Observer: "Miss Olivia Horne, who has been visiting Miss Frances Park, has returned to her home in Wilmington. Mrs. J. W. Yates, of Wilmington, is visiting at Mrs. L. M. King's, 603 Hillsboro street."

Mrs. W. A. Underwood, Mrs. Thos. B. Carroll and little daughter, Helen, and Mrs. J. H. Niggle, left last evening for a month's stay in Chicago. On their way they will stop over in Washington for the unveiling of the Columbus monument. Before returning they will visit Rochester, N. Y., Thousand Islands, Niagara Falls and points in Canada.

Rocky Mount, N. C., June 5.—The first of a series of pretty June weddings occurred this morning at 8 o'clock at the home of Mr. G. B. Cooper, on Tarboro street, when his daughter, Miss Nannie Beck Cooper, became the bride of Mr. M. Victor Barnhill, both of them young people of this city. The marriage ceremony was performed by Rev. Leslie P. Howard, pastor of the First Methodist Church, the parlor having been tastefully decorated by deft hands in presenting a veritable tower of beauty in its decorations of plants. Following the ceremony the happy young couple left by the morning train for a two weeks' trip to Baltimore, Washington and New York, after which they shall be at home in this city.

MISS NORA CORBETT WINS HIGH HONORS AT SCHOOL

Miss Nora Corbett returned yesterday morning from Washington, D. C., where she was graduated from Georgetown Convent. She was accompanied by her parents, Mr. and Mrs. M. J. Corbett, who attended the commencement exercises. Miss Corbett won the Loretta medal, which is the highest honor in the gift of the institution. The medal is awarded by vote of the faculty and students to the graduate meriting highest honors in scholarship, influence and popularity. Miss Corbett and one other student were the two most prominently mentioned for the honor. When the announcement was made that the award had been made to Miss Corbett the hall in which the commencement exercises were held fairly rang with applause.

The Loretta medal is not given every year, but only at intervals, when the faculty and students deem it should be awarded. The fact that the

medal was awarded to Miss Corbett speaks eloquently of the splendid work accomplished by her and of her popularity in the school. James Cardinal Gibbons, who presided at the exercises, expressed a peculiar sense of pleasure when the medal was awarded to Miss Corbett. Cardinal Gibbons and Mr. Corbett are personal friends and the distinguished prelate was entertained by the latter upon the occasion of his visit to Wilmington a week ago, when St. Mary's Pro-Cathedral was dedicated.

APPROACHING MARRIAGE OF POPULAR YOUNG PEOPLE.

The pleasing announcement of the forthcoming marriage of Miss Lucy Gaylor, an attractive young woman of this city, and Mr. Eduard Peschau, a popular young Wilmingtonian, is contained in handsomely engraved invitations, which were received by friends yesterday as follows:

Mr. at six o'clock requests the honor of your presence at the marriage of her daughter Lucy to

Mr. Eduard von Hof Peschau Thursday evening, the twentieth day of June, nineteen hundred twelve at the residence of Mr. and Mrs. Joseph J. Brown, corner Fourth and Queen streets, when their daughter, Miss Emily Brown, became the bride of Mr. Oscar C. Hill, Rev. G. T. Adams, pastor of Fifth Street Methodist church, officiating.

The home was prettily decorated for the occasion and the charming ceremony was witnessed by a number of friends and relatives. The bride was attended by her cousin, Miss Marie Brown, as maid of honor, and Mr. Grover Hill, brother of the groom, was best man.

Mr. and Mrs. Hill left on the 7 o'clock northbound train for Washington and other points of interest, where they will spend about 10 days on their bridal tour. Mr. Hill is a popular young man and is employed in the postoffice here. His bride is a charming young woman. Both have a host of friends who will wish for them a long and happy wedded life.

PRETTY CHURCH WEDDING UNITES POPULAR COUPLE

One of the prettiest of the June weddings was that at the First Presbyterian church at 6 o'clock last evening, when, in a beautiful and impressive ceremony, Miss Mary Belle Sneed, the popular and attractive daughter of Mr. and Mrs. Emmett H. Sneed, became the bride of Mr. Thomas Jones Gause, a well-known young business man. There were present a throng of relatives and friends of the happy couple, and the church was most beautifully decorated, the color scheme being blue and pink, which was most effectively carried out.

Miss Lillian Taylor presided at the

organ and played Mendelssohn's "Wedding March" as the bridal party entered the church. The Bridal Chorus from Lohengrin was played as the recessional. First came the ribbon bearers, Masters John Cantwell, little son of Mr. and Mrs. Paul Cantwell, and Miss Ella Harper, a little daughter of Capt. and Mrs. J. W. Harper. Next came Miss Gertrude Sneed, followed in the order given by Messrs. Norwood Orrell and Neil Morse, Miss Louise Sneed and Miss Pannie Jones Lamb, Mr. Charlie Southerland and Mr. Paul L. Cantwell, the maid of honor, Miss Ray Sneed, sister of the bride, and the bride, who entered on the arm of her father, who gave her away. The groom and his best man, Mr. Jas. F. Gause, his brother, entered from a side door. The ceremony was impressively performed by Rev. Dr. John M. Wells, pastor of the church.

The bride was handsomely attired in white hand embroidered Marquisette over white messaline and wore a white Gaby Jelsky hat and carried a bouquet of Bride roses and lilies of the valley. The maid of honor wore white Marquisette over blue messaline and white picture hat trimmed with sweet peas. Miss Gertrude Sneed wore white Marquisette over pink messaline and Miss Louise Sneed and Miss Fannie Jones Lamb wore white Marquisette over white messaline.

Following the ceremony Mr. and Mrs. Gause drove to the union station, whence they departed on the 7 o'clock train for Asheville and other points in the western part of the State, where they will spend about two weeks.

Mr. Gause is connected with the American Naval Stores Company and is one of the city's most promising young business men. His bride is a very attractive young lady with a wide circle of friends and admirers. The popularity of the couple was attested by the many beautiful and costly wedding presents received.

FLAGMAN KILLED

Knocked From Moving Train By Overhead Bridge

Spencer, N. C., June 4.—S. A. Blackburn, a flagman on the main line of the Southern Railway between Spencer and Monroe, Va., was killed by coming in contact with an overhead bridge near Lynchburg early this morning. It is said he was knocked from the tender of the locomotive of the train on which he was working, that his skull was fractured and that he was taken to a Lynchburg hospital where he died later today. He lived in East Spencer where he has a wife and one child a year old. Mrs. Blackburn went to the bedside of her dying husband today but it is said did not reach him before he died. The family formerly resided in Pittsylvania county, Virginia, before coming to Spencer.

FUNERAL NOTICE.

The funeral services over the remains of Miss CORA INEZ WIGGS will be held from St. Andrew's Presbyterian church, this (Thursday) afternoon at 4:30 o'clock. Interment in Oakdale cemetery. Friends and acquaintances respectfully invited to attend.

PERSONAL PARAGRAPHS.

—Mr. Henry Elliott, a well known contractor and builder of Hickory, was a business visitor to the city yesterday.

—Shortly after 12 o'clock yesterday the fire department was called out by a false alarm from box 31, corner Sixth and Campbell streets.

—Mr. Will Rehder returned Tuesday morning from Chapel Hill, where he superintended the decorations for the commencement exercises at the University.

—License was issued yesterday for the marriage of Mr. William M. Johnston, of Wilmington, and Miss Grace Lee Haggard, of this city, daughter of Mrs. Mary Haggard, of Littleton, N. C.

—Mr. J. B. Wooley, of Guilford College, has arrived and taken a position as assistant secretary at the Y. M. C. A. Mr. Wooley will have charge of the outdoor athletics during the summer.

—The annual excursion of George Washington Council, No. 67, J. O. U. M. to Carolina Beach will be given today and it is expected that several hundred people will visit the resort during the day. There will be three boats, 9 A. M., 2:30 and 7:30 P. M., the last boat returning to the city late at night.

—Among yesterday's guests at The Orton were B. M. Brothers, Charlotte; A. Bryan Smith, Raleigh; Geo. H. Brockenborough, Charlotte; Mr. and Mrs. Oscar Fussell, Rose Hill; H. B. Phillips, Fairmont; Chas. E. Ward, Jr., Charlotte; J. S. Kerr, Charlotte; J. F. John, John Station; L. W. Buck, Charlotte; Miss Ella Morton, Jacksonville.

—As an indication of the progress of Wilmington, it might be mentioned that Elmside Bros., the well known wholesale dry goods dealers, yesterday received a solid car load of outtings of one brand. It is said to be unusual for a firm to receive a car load of one brand of outting at one time. It is evidence of the fact that the business of Wilmington wholesalers is on the increase.

Probable Cause Found

Charged with storebreaking, Thomas Hussey, colored, was given hearing before Justice Harries yesterday and probable cause being found was sent over to the Superior Court. In default of bond of \$250 he went back to jail. It will be remembered that Hussey is the negro who was arrested several months ago, charged with having entered the store of Mr. J. W. Winders at Castle Haynes, and with having stolen a number of articles of wearing apparel, etc. The negro was wearing a pair of shoes at the time of his arrest which Mr. Winders identified as having been stolen from his store. Hussey has been in jail here since his arrest.

—John Bishop, colored, was given hearing before Justice Bornemann yesterday on a charge of cruelty to animals and probable cause being found was sent over to the Recorder's court for trial. Abbie Saunders, colored, alleged that Bishop killed one of her chickens, which was in his yard, and threw it over the fence into her yard.

WRIGHTSVILLE BEACH

The first mid-week dance of the season was given at Lumina last night, and, as is usual with the mid-week dance, there was quite a large attendance. The crowd last night was especially large for this early in the season. The dance floor at Lumina, which is said to be one of the best in the South, is now in perfect condition, having been used enough to wear smooth any rough places that the floor is likely to have had at the beginning of the season. The music, of course, was up to its usual high standard. Too much cannot be said in praise of the excellent work of the present orchestra at Lumina.

Mr. H. R. Jolles, of Savannah, Ga., vice consul for Netherlands for several States; Baron Hooft and Mr. Tydemann, who have been guests for the past two days of officials of the Atlantic Coast Line Railroad, visited Wrightsville Beach yesterday. They were accompanied to the resort by Mr. E. N. Clark, of the Coast Line, and Mr. K. C. Cool, of the Carolina Trucking Development Company. The party had dinner at the Oceanic Hotel. The visitors spoke in high praise of the beach.

The family of Mr. C. Dannenbaum, of this city, will spend some time at Hanover Inn. Rev. and Mrs. A. A. McClelland returned yesterday to their home at Maxton, after a stay of several days at the home of Mrs. E. O. Williams and little daughter, of Atlanta, Ga., who have been guests at the Hanover for several days, left yesterday for Clinton, N. C., to visit relatives. They expect to return to the beach later in the season.

The arrivals at The Seashore Hotel yesterday included Mrs. Wm. H. Gardner and two children, of Boston, Mass., who expect to spend about five weeks at the resort; Mr. and Mrs. J. T. Carr, of Farmville, N. C.; W. B. Price, Newbern; L. S. Hicks, Atlanta, Ga.; C. H. Thomson, New York City. The Seashore's fleet of the sailing and fishing craft arrived yesterday and are now at the disposal of guests of the resort. Capt. Wm. Wells is in charge of the boats, one sharpie and two launches. The boats were brought from Morehead City and are the same that do service from the Seashore every year. Capt. Wells carried out a fishing party yesterday and they had splendid luck.

Information was received yesterday that North Carolina Country Bankers' Association will not convene in annual session at the Oceanic Hotel, Wrightsville Beach, today, as had been expected, the meeting having been postponed on account of the fact that the dates selected conflicted with the State Democratic Convention, which meets in Raleigh today. Mr. Lacy Williams, cashier of the Bank of Maxton, is secretary of the association, and in letters received here yesterday he said no new dates have as yet been selected for the meeting. He intimated that a meeting of the executive committee would be held shortly to determine upon the new dates.

S.S.S. SKIN DISEASES CURES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

X-RAY SAVED HIM.
Little Boy Swallowed a Nickel—Was Almost Choked.

Union, S. C., June 4.—Swallowing a nickel, which his mother had given him to buy something with, little Guy Kirby, the four-year-old son of Mr. and Mrs. Landrum Kirby, living in South Union, after being so nearly choked that he could not eat any solid food for five days, was taken to Columbia Saturday night, where he was x-rayed and the coin located.

It seems that the little boy was sent out to buy something, but finding the merchant away, returned, and while lying on the floor put the coin in his mouth and in a few moments told his mother he had swallowed it. Efforts were made to get it out, but all failed to dislodge it, and as it caused him much pain and he was unable to eat, it was decided to have an operation, and he was carried to Spartanburg yesterday, where the coin was extracted and the little fellow is now all right.

This Testimony Convinces

Dr. J. T. R. Neal, Prop. Riverside Drug Co., Greenville, S. C., writes recently, "I have been a practicing physician and druggist for over 35 years and have sold and administered many kidney medicines but none to equal Foley Kidney Pills. They are superior to any I have ever used and give the quickest permanent relief."

Mrs. Lillian Saik, Parkersburg, W. Va. J. T. Moncrief, Birmingham, Alabama. J. W. Jordan, Hopkinsville, Kentucky. Mrs. Rose A. Freeman, Clifford, Va. Harry Price, Huntington, W. Va.

COTTON TRADING WAS QUIET

The Official Crop Report Failed to Stimulate Any Fresh Interest. Prices Ruled Lower—The Close Was Quiet.

New York, June 5.—The failure of yesterday's official crop report to stimulate fresh interest in the cotton market was reflected in very quiet trading today, and prices ruled lower, owing to generally favorable weather reports. The close was quiet at a net decline of 5 to 7 points.

The market opened steady, at a decline of four points in sympathy with relatively easy cables and sold about 5 to 6 points net lower during the middle of the morning, under scattering liquidation or local pressure. Offerings were very well absorbed on this decline, through a moderate demand from trade sources or covering of shorts and following reports of hot wind in Oklahoma, prices rallied to within a point or two of yesterday's closing figures. The official forecasts, however, were considered generally favorable. The day's detailed weather reports, except for showing continued dry weather in the northwestern part of the belt, were also taken by local traders and suggesting favorable crop progress and the market turned easier again during the afternoon. The lowest prices of the day were in the late trading, when the active months sold about 5 to 8 points under the close of yesterday, with July relatively easy, owing to scattering liquidation.

Receipts, 3,141 against 5,132 last week, and 3,843 last year. Today's receipts at New Orleans, 1,188, against 718 last year, and at Galveston, 220, against 1,272 last week, and 23 last year.

Spot, quiet. Middling uplands, 11.45; do. Gulf, 11.70; sales, 99 bales.

Futures closed quiet.

CHICAGO GRAIN.

Chicago, June 5.—It was a typical weather market today, in which the weather was the wrong sort for the bulls. More or less rainfall west of the Missouri river had a depressing effect, and the close was nervous and one cent to 1 1/2¢ under last night. Latest trading left corn 3/4 to 1/2¢ lower; oats varied from 1/4 up to 1/2¢ decline, and provisions at 7 1/2¢ advance.

Str. Annie B.—10 barrels rosin.

Str. White—6 casks spirits turpentine; 42 barrels rosin.

MARINES ORDERED TO EASTERN CUBA

(Continued from Page One.)

send an army division into Cuba within a week or 10 days. But that situation has existed for three months and is only illustrative of careful preparation that has been done by the general staff.

Marines Land in Cuba

Havana, June 5.—American marines have landed on Cuban soil. To the number of 450 under command of Colonel Lucas they came ashore today at Calimena and proceeded by train to Guantanamo City.

While it is officially declared that this action was taken solely to protect American and other properties, the impression became general that it was a preliminary step to American intervention. This caused considerable excitement at the capital. Later it became known that the landing was in response to an urgent appeal to the commandant of the United States naval station by the Chamber of Commerce of Guantanamo to afford protection to the numerous foreign estates in the vicinity, which the government forces have been unable effectively to guard.

One hundred and twenty additional marines were dispatched this evening to Guantanamo and the American force will probably be ample to safeguard the foreign properties in that district. There was great excitement in Havana this afternoon on the circulation of a report that four American battleships were on their way from Key West. Towards evening the rumor was current that the ships had been signalled off Morro Castle and were expected to enter the harbor within an hour. The excitement subsided on receipt of the news that the warships had been ordered to Guantanamo.

The Senate today approved the recommendation of the Committee on Laws that the President be empowered to suspend the constitutional guarantees, but only in the province of Oriente.

This was approved also by the House of Representatives without opposition. The Senate passed a bill authorizing President Gomez to expend \$1,000,000 for increase of the armed forces.

Of the reports received from various parts of the interior telling of outrages against white women by negroes, the great majority of them lack confirmation. The reported outraging of the daughters of Perez Carbo, a prominent official of Santiago, horrifying details of which have been published, is authoritatively denied. The only authenticated case is that of a school mistress who later died in a hospital at Santiago.

The government still is without news of military operations in Oriente except small skirmishes. General Moteagudo is evidently awaiting the decree suspending the constitutional guarantees which will give him a free hand in dealing with negro conspirators, cutting off communication between them and the rebels in arms.

Conditions in other parts of the island continue tranquil. Reports from Santiago say that the rebels are threatening to burn the El Cuero mines belonging to the Ponopu Manganese Company. A force of regulars has been sent there. In a skirmish between rebels and regulars at El Cristo last night several were wounded.

CHAIRMAN MACK CONFIDENT.

No Matter Who Republicans Name, Democrats Will Win.

New York, June 5.—"The Democratic party has several candidates for the Presidential nomination and any one of them is strong enough to defeat either Taft or Roosevelt," remarked Norman E. Mack, chairman of the Democratic National Committee here today on a flying visit.

"If half of what Roosevelt and Taft are saying about the Republican party is true, then the party ought to be indicted by the grand jury," said Mr. Mack. "This country has never witnessed such a spectacle as has been given by President Taft and Col. Roosevelt in the last two months."

"The American people have made up their minds to kick the Republican party out of office and it doesn't make any difference whether they nominate Taft, Roosevelt or a dark or brown horse."

Chairman Mack will confer with Urey Woodson, secretary of the National Committee, next Monday in Baltimore, and on June 18th, or 20th, the committee on arrangements, of which Mr. Mack is chairman, will meet to select the temporary officers of the Baltimore convention and arrange other details.

The National Committee will meet June 24th, the day before the convention, to consider contests and make up the temporary roll. Notifications of contests have been sent to Secretary Woodson in Kentucky and there are three or more minor cases that are to come before the committee from Ohio, Illinois, and Washington, D. C.

EVE OF BLINDNESS

Gen. Booth Will Probably Lose Sight At Any Time

New York, June 5.—"In a few hours the comrades may be under the painful compulsion of announcing that the general is hopelessly blind," are the words of General William Booth in a cablegram from London last night addressed to all members of the Salvation Army in America.

If the unexpected blow regarding the loss of my eyes has not actually fallen, as reported by the newspapers, says the head of the army, "it is hovering dangerously. Instead of the restitution of my sight which I had hoped for and which I now have earnestly prayed for, the doctors tell me I am on the eve of entire blindness."

Pensacola, Fla., June 5.—The largest timberland deal to be closed in this section in many years was consummated here today, when A. L. Ford Bros., of Chipley, and B. M. Lindsay, of Bonifay, all west Florida store operators, paid \$500,000 cash for 30,000 acres of almost virgin pine timberland in Holmes and Washington counties.

Cowpeas fit in well in nearly all systems of rotations of crops. They are well adapted to growing among corn and after small grain harvested in the spring.

GOMPERS AND MORRISON.

No Reflection on Labor Leaders in Los Angeles Trial.

Los Angeles, Cal., June 5.—That the prosecution merely desired to place in evidence the fact, alleged by them, that certain sums of money aggregating about \$200,000 had been sent to attorneys for the McNamara defense, was stated today by W. J. Ford, assistant district attorney, in discussing the placing on the stand of H. H. Fletcher, cashier of a Washington bank. Mr. Ford said that the calling of Fletcher as a witness was not an attempt to incriminate others with Clarence Darrow, now on trial for the alleged bribery of a juror in the McNamara case.

Mr. Ford added that no attempt would be made by the prosecution to show that either president Samuel Gompers or Secretary Frank Morrison, of the American Federation of Labor, had any guilty knowledge of the alleged corruption of jurors and witnesses in the McNamara case. "It is unfortunate that the impression was created," continued Mr. Ford, "that we intended to cast any reflections upon Mr. Gompers, Mr. Morrison or any other high officials of the American Federation of Labor. In producing the ledger account of Morrison as custodian of the McNamara defense fund in Washington, we only intend to prove that large sums of money were withdrawn and sent to Mr. Darrow."

The effort to have the ledger's page containing the defense fund act admitted as evidence was expected to be renewed when court met today. Up to adjournment late yesterday the attorneys for Darrow had succeeded in keeping it out. The prosecution intimated that if its examination of Cashier Fletcher were not further obstructed, but little time would be required to conclude it and Franklin was expected to resume the stand before the noon recess today. Los Angeles, Cal., June 5.—Detective Robert J. Foster, of Indianapolis, who was charged with contempt of court by the defense in the trial of Clarence S. Darrow, the Chicago attorney, for alleged bribery, was dismissed in the Superior Court on the ground of insufficient evidence.

ARMY MANEUVERS BEGUN.

U. S. Soldiers Are Testing New Equipment and Facilities.

Dubuque, Ia., June 5.—With an imaginary hostile army just across the Mississippi river, either in Wisconsin or Illinois, Col. Getty and 2,000 trained soldiers of the United States Army are encamped tonight on a plateau just south of the city of Dubuque.

It is a provisional or experimental army or regiment brought together to test new equipment and means of transportation. The three battalions composing the experimental army make up what is said to be the largest and finest equipped regiment of regulars ever mobilized in the United States and with the machine gun company and others will total more than 2,000 men.

The mobilization of the troops at Dubuque is regarded by military men as one of the most important movements ever begun by the War Department. Army officers throughout the service are watching with interest the outcome of the experiments that are to be made not only with the use of the automobile truck in maintaining a line of communication with the base of supplies, but also the testing of other equipment that may revolutionize the whole organization of the United States army.

Chief in this experimental work is the testing of the ability of the automobile truck to deliver goods and replace the army mule as a means of transportation. During the present week, the troops will be engaged as though in actual warfare. They will have scouting parties out in all directions and camp orders will be stringent. The first of next week the army purposes moving across the Mississippi river into the "enemy's" country for a march to Sparta, Wis., by way of Madison, Wis. At Sparta the troops will manœuvre for several weeks to determine the value of new equipment.

ARGUMENT BEGUN.

Little Evidence Taken in Myrtle Hawkins Case Yesterday.

Hendersonville, N. C., June 5.—The farmer jurors who will determine the fate of the seven defendants now on trial for the murder of Myrtle Hawkins, are hearing argument which will probably occupy the remainder of the week. Little evidence was taken this morning and argument began at 10 o'clock.

Lester Lemon testified that a month ago John Rogers told him that he did not see Myrtle Hawkins in Jacksonville, but that he had seen a man who saw Myrtle, this being contradictory to the testimony of Rogers, who felt positive that he saw her. J. M. Stepp, undertaker, said that he had observed a supernatural growth on the right ear of the body, but in contradiction Claude Pace testified that he viewed the body three times and that in searching for the growth he found a swelling under both ears.

Counsel are hopeful of concluding the argument in time for Judge Foushee to deliver his charge and give the case to the jury by Saturday morning. Argument will be made by the 13 attorneys in the following order: W. C. Rector, Judge H. G. Ewart, Charles French Toms, Judge O. V. F. Blythe, Mayor R. H. Staton, O. K. Bennett, J. F. Justice, W. A. Smith, J. F. Spainhour, J. E. Shipman, R. S. McCall, Thomas Settle, Solicitor A. Hall Johnson, Messrs. Rector, Staton, Spainhour and Johnson represent the prosecution. Attorney Rector concluded his argument this morning. Judge Ewart had not finished when court recessed for noon. He said there was no evidence against the defendants and asked the court to charge the jury not to return a verdict against the defendants until the question of the innocence or guilt of the defendants.

ARKANSAS FOR CLARK

State's Delegation Instructed for the Speaker—Bryan Attacked

Little Rock, Ark., June 5.—The State Democratic Convention in session here today adopted a resolution instructing the Arkansas delegation to the National Democratic Convention to vote for Champ Clark for President as long as his name shall be before the convention. The delegates at large will be held for the selection of district delegates. An ovation was given Bennett Champ Clark, son of Speaker Clark, who spoke at today's session. U. S. Senator Davis announced that he had changed his mind about retiring from active politics with the end of his next term and declared that he would remain as long as he lived.

Senator James P. Clarke, predicted victory for the National Democratic ticket. In response to the question, "What about Bryan?" he declared that Mr. Bryan "would give some sign of usefulness and quit going about the country attacking good Democrats and would render a signal service to his party."

W. H. Martin, of Hot Springs, was made permanent chairman. Congressman Joe T. Robinson, the party nominee for Governor, made the keynote speech of the convention. Mr. Robinson, in accepting the nomination, entered into a discussion of National political affairs, denouncing the Republican party and sharply criticizing both President Taft and Colonel Roosevelt for the methods used in the current campaign. He declared the next President, a Democrat, should be one who would preserve the traditional dignity of the office; and that man, he said, "is Champ Clark."

IMPEACHMENT PROCEEDINGS

Berger Will Urge Such Action Against Judge Hanford

Washington, June 5.—Encouraged by a letter from Attorney General Wickersham recommending the reopening of the case depriving Leonard Olson, of Seattle, of citizenship, because he was a Socialist, Representative Berger, of Wisconsin, today declared his intention of urging impeachment proceedings against United States District Judge Hanford who decided the issue.

Representative Berger averred he would exercise his prerogative as a member of the House and would call up as a matter of special privilege a resolution for the impeachment of Judge Hanford. Berger laid before the President and the Attorney General a copy of the record in the Olson case, and today he received a letter from Mr. Wickersham, saying that "Gross injustice had been done to Mr. Olson."

Ole Olson's certificate of naturalization was cancelled by Judge Hanford on testimony that Olson subscribed to the principles of the Socialist party. The form of impeachment will be unusual to the House. Under the constitution a member can rise in his place and in place of a judge, it is a question of highest privilege and under the rules must be taken up. If the resolution is adopted the Judiciary Committee is charged with preparing the case for presentation to the Senate.

The House may not take action on Representative Berger's resolution of impeachment at this time, it was reported today, postponing it until the next session of Congress.

KERN FLAYS LORIMER.

Senator Opens Argument in Case Against Illinois Senator.

Washington, June 5.—With the resumption of Senator Kern's speech against the Lorimer case, the Senate entered on its second day of consideration of the Illinois election contest. The case is being sandwiched in the Senate proceedings with the legislative appropriation bill which Senator Warren is trying to press as rapidly as possible.

Senator Kern's speech is the first of several to be delivered by Senators on both sides of the case.

Senator Kern's speech today, with which the debate on the second investigation was inaugurated, was planned as a critical analysis of the evidence taken by the committee. The particular feature of this was the conflict between the testimony of Edward Hines, of Chicago, on the one side and Clarence S. Funk, general manager of the International Harvester Company, and others.

Senator Lorimer is keeping a close watch on the proceedings, occupying a seat where he can hear the arraignment of himself and friends.

PROVIDES FOR ASSAILANT.

Man Orders Provisions for Another Who Wounded Him Fatally.

Goree, Tex., June 5.—With an expressed wish that the family of the man who assaulted and stabbed him be provided for, Dr. J. R. Smith, a wealthy land owner of Munday, Tex., attacked Saturday by S. H. Lyle, lies in a critical condition in a Fort Worth hospital today. An operation will be performed with a hope of saving his life.

When Dr. Smith regained consciousness Monday he ordered provisions sent to the family of Lyle, who is in jail. The physician requested that in case of his death or long illness arrangements should be made to care for the family of his assailant, who was a tenant on one of his farms. The assault followed a dispute over a rental contract.

Lawrence, Mass., June 5.—About 300 members at the Washington Mills of the American Woolen Company struck today in sympathy with 400 strikers in the combining and carding room. The strike originated over the discharge of an industrial worker of the World operative.

Man Coughs and Breaks Ribs. After a frightful coughing spell a man of Newbern, N. C., felt terrible pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonfuls ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heats weak, sore lungs. "I feel sure it's a Godsend to humanity," writes Mrs. Effie Morton, Columbia, Mo., "for I believe I would have consumed today if I had not used this great remedy." It's guaranteed to satisfy, and you can get a free trial bottle or 50-cent or \$1.00 size at R. R. Bellamy.

THE GREER CHILDREN

Will Be Brought Back to North Carolina by Mother's Counsel (Special Star Telegram.)

Boston, Mass., June 5.—Mrs. Augusta Greer, of Wilmington, secured a partial victory in her long fight for possession of her two children, Margaret and William Greer, when her counsel John Quinn, who is sheriff of this county, was given permission to take the little ones to Wilmington by Judge Hammond, in the Superior Court today. Sheriff Quinn as guardian petitioned for a writ of habeas corpus against the Massachusetts Society for the Prevention of Cruelty to Children which has had the custody of the little ones.

Mr. Quinn told the court today that his motive was to find a suitable home for the children in their native city in order that their mother should be able to see them occasionally.

"Have you any pecuniary interest in these children?" counsel for the Society inquired.

The sheriff replied that he hadn't and added that they didn't have a cent but that he was desirous of making them happy.

The lawyer asked whether the sheriff thought Mrs. Greer, in view of the life she appears to have led, ought to be permitted to see her children. The sheriff said he thought any mother ought to have such a right.

Judge Hammond suggested that Mr. Quinn be permitted to find a home for the children at a reasonable distance from their mother in Wilmington, so that he have reasonable opportunity to see them under such conditions as the courts in that State may impose. If this suggestion is carried out, the habeas corpus case will be dropped.

Much amusement was caused during the proceedings by the attempt of the Society's counsel in cross-examining Mr. Quinn to find out whether the sheriff is a married man. Sheriff Quinn refused to answer, and the court ruled that he need not declare himself.

HATFIELD FOR GOVERNOR.

Veritable Landslide for Him in West Virginia Primary.

Charleston, W. Va., June 5.—That yesterday's Republican primary in West Virginia was a veritable landslide for Dr. H. D. Hatfield for Governor over Charles W. Swisher and Charles W. Dillon, was indicated today when more complete returns were obtained. Dr. Hatfield's nomination was conceded by from 25,000 to 40,000.

The other nominations were: Secretary of State, Stuart F. Read; State Superintendent of Schools, M. P. Sharkey; Congressman at large, Howard Sutherland; Auditor, John S. Darst; Attorney General, A. A. Lilly.

The race for State Treasurer between C. Rathbone and E. L. Long is close and doubtful.
